Dear Health Professional,

We are pleased to present our revised and updated Vitazan Professional product catalogue.

Since 1997 we pride ourselves with offering well researched and formulated products exclusive to health care professionals. We travel worldwide to source the best raw materials available. We do not solely rely upon Certificates of Analysis from our sources; the integrity of every raw material is tested upon arrival and throughout the manufacturing process. Our specialized formulations are designed with a focus on wellness and innovation.

We are proud to offer this product line exclusively to you and look forward to sharing our passion for the natural health industry with you in the years to come.

Sincerely yours,

Peter F. Wilkes
President
Vitazan Professional

TERMS SALES POLICIES AND PROCEDURES

Office Hours:

Monday to Friday 9:00 a.m. to 5:00 p.m. (EST) or 6:00 a.m. to 2:00 p.m. (PST)

Shipping

Orders of \$250.00 or more will not be charged shipping

Orders are shipped out within 48 hours.

Rush air delivery is available, prices vary depending on location and order size, inquire for details.

Conditions of Sale:

Vitazan Professional is strictly a professional line, not to be sold in retail outlets or on the internet.

Terms and Conditions:

Payment may be made on terms of Net 30 Days by cheque or by credit card.

VISA and MasterCard accepted.

Minimum orders - \$200.00

Returned Cheques:

Cheques returned due to insufficient funds will be subject to a \$15.00 returned cheque fee. Accounts with more than one NSF cheque may be subject to C.O.D. terms.

New Accounts:

New accounts that wish to establish terms may do so providing a credit application is completed. Credit privileges will be extended to all established accounts in good standing.

Damage Claims:

Claims for damaged goods must be made with the carrier, as they have responsibility for the goods after they leave our plant. Please check parcels for signs of mishandling. Please inform us right away of any problem with your order.

Returns:

Merchandise cannot be returned for credit without written authorization. No return will be accepted 120 days or more after shipped date. A minimum of **15% restocking charge (before Tax)** will apply for all returns.

****PRODUCTS OPENED OR PAST EXPIRY DATE WILL NOT BE CREDITED****

Adjustment:

In case of an error in invoicing, please do not change the invoice. Please notify us within 10 days and we will make the necessary adjustment.

Price/Contents:

Prices are subject to change without prior notice. Note that product contents as listed in catalogue may differ from those listed on the product label. Product label takes precedence in all cases, inquire to confirm. I.e. An older catalogue may not reflect improved formulations.

Other Information:

Please take note: Generally, if you place your order before noon (EST) it will be shipped the next day.

To order or receive additional information call us toll free at 1-888-863-9274 from anywhere in North America or

E-mail us at info@vitazan.com

Information at your fingertips

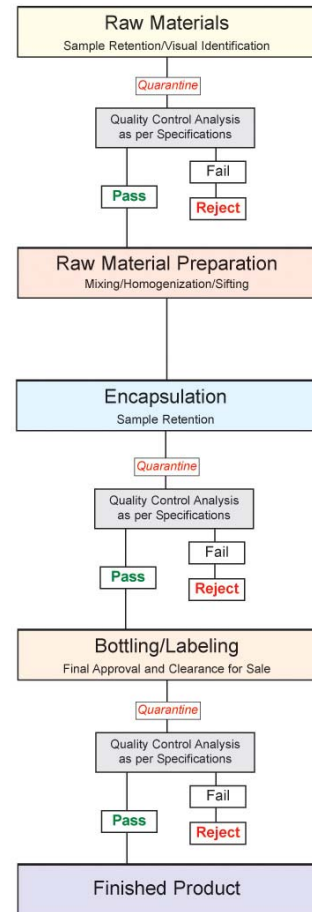

At Vitazan Profesional we offer:

- Well formulated, researched products
- 240 hours of testing and research every week
- Appropriate raw material sourcing to ensure highest grade materials come in
- Testing throughout the manufacturing process to ensure consistent products that represent label claims
- Effective results for your patients
- Professional grade products for professionals, not to be found in retail outlets
- Pertinent information and documentation available for you to make an informed decision.

For more extensive information please visit our website www.vitazan.com, email us at info@vitazan.com or call us at 1.888.863.9274. We can provide health professionals with additional literature on many products or forward questions related to patients to our advisory council.

Vitazan Profesional is a Canadian company with a no nonsense approach to making and marketing natural health products.

Manufacturing Flowchart

ACIDOPHILUS EMERGENCY	Product # 1404	22 capsules																
<p>The 50 billion live cells in each special water based PH5D enteric coated capsule are formulated with prebiotics (soluble fibers) that selectively stimulate site specific probiotic proliferation. The 10 mg. each of Fructo-oligosaccharides and Arabino-oligosaccharides per capsule provide the nutrients necessary to maximize the therapeutic potential of Acidophilus Emergency at the intestinal level.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="837 306 1445 489"> <tr><td>B. ADRENAL	Product # 1532	90 capsules 200 mg																														
<p>Adrenal is a dietary supplement containing essential nutrients for adrenal gland function.</p> <p>Vitazan's Adrenal concentrate gives the adrenal gland support to meet the challenges of today's high stress environment. It boosts your endocrine system resulting in a higher tolerance towards stress.</p> <p>Vitazan's Adrenal concentrate is made from toxin-free lyophilized glands. The term lyophilized means a freeze-dried process in the raw state, which provides the highest levels of biological activity.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="829 804 1438 852"> <tr><td>Raw Adrenal Concentrate</td><td>200 mg</td></tr> <tr><td>Peppermint extract</td><td>5 mg</td></tr> </table> <p>Suggested Use Take one capsule daily, or as directed by your health care practitioner.</p>		Raw Adrenal Concentrate	200 mg	Peppermint extract	5 mg

ADVANCED IRON	Product # 972 Product # 973	90 capsules 15 mg 90 capsules 30 mg																														
<p>Advanced Formula Lack of iron may lead to unusual tiredness, shortness of breath, a decrease in physical performance, and learning problems in children and adults, and may increase your chance of frequent infection. Some conditions may increase your need for iron. These include; bleeding problems, burns, hemodialysis, intestinal diseases, stomach problems, stomach removal. Inorganic iron is frequently associated with stomach upsets. However, complexing iron to an organic molecule such as ascorbic acid (vitamin C) makes it a highly bioavailable form of iron complex suitable for people who are generally sensitive to iron supplementation. Most mineral ascorbates have an extremely high absorption rate and therefore need lower amounts for effectiveness.</p>	<table border="1" data-bbox="829 1251 1438 1650"> <thead> <tr> <th>Each Capsule Contains:</th> <th>972 15 mg</th> <th>973 30 mg</th> </tr> </thead> <tbody> <tr><td>Iron Ascorbate</td><td>15 mg</td><td>30 mg</td></tr> <tr><td>Vitamin A (Palmitate)</td><td>1000 I.U.</td><td>2000 I.U.</td></tr> <tr><td>Vitamin C (Ascorbic Acid)</td><td>175 mg</td><td>350 mg</td></tr> <tr><td>Vitamin B1 (Thiamine HCL)</td><td>5 mg</td><td>10 mg</td></tr> <tr><td>Vitamin B2 (Riboflavin 5-Phosphate)</td><td>2 mg</td><td>4 mg</td></tr> <tr><td>Vitamin B3 Inositol Hexanicotinate</td><td>2 mg</td><td>4 mg</td></tr> <tr><td>Vitamin B6 (Pyridoxal 5-Phosphate)</td><td>5 mg</td><td>10 mg</td></tr> <tr><td>Vitamin B9 Folic Acid</td><td>1 mg</td><td>1 mg</td></tr> <tr><td>Vitamin B12 (Methylcobalamin)</td><td>250 mcg</td><td>350 mcg</td></tr> </tbody> </table> <p>Suggested Use Adult: Take 1 capsule daily with food or as directed by your health care practitioner. ADVANCED ZINC	Product # 977 Product # 978 Product # 979	90 capsules 15 mg 90 capsules 30 mg 90 capsules 50 mg																																																
<p>Zinc is essential for life. It heals wounds, fights infections and is among the most important of the trace elements in human nutrition. Zinc is vital for the immune system and the expression of genes. By boosting the immune system, zinc can protect against fungal infections and various infectious disorders, such as conjunctivitis and pneumonia. It also has anti-inflammatory properties. Zinc's healing abilities include skin wounds, eczema, rosacea, burns, and other irritations. Zinc repairs the skin's top layer in part by helping to process the essential fatty acids that encourage healing. Adding zinc supplements to your diet may therefore lead to more efficient recovery from burns, psoriasis, rosacea, hemorrhoids, and eczema, especially if the affected area is not healing well. The body also requires extra nutrients such as zinc to help repair burned skin and reinforce the immune response. The thymus gland is a crucial gland in maintaining a healthy immune system and as we age, it shrinks down to nothing. Thymic shrinking has been reversed with zinc supplementation. Zinc also plays a crucial role for diabetes, slows down aging, enhances vision and liver functions, and is effective in detoxifying alcohol.</p>	<table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="text-align: left;">Each Capsule Contains:</th> <th style="text-align: center;">977 15 mg</th> <th style="text-align: center;">978 30 mg</th> <th style="text-align: center;">979 50 mg</th> </tr> </thead> <tbody> <tr> <td>Zinc (citrate)</td> <td style="text-align: center;">15 mg</td> <td style="text-align: center;">30 mg</td> <td style="text-align: center;">50 mg</td> </tr> <tr> <td>L-Taurine</td> <td style="text-align: center;">100 mg</td> <td style="text-align: center;">200 mg</td> <td style="text-align: center;">350 mg</td> </tr> <tr> <td>Green Tea extract 50%</td> <td style="text-align: center;">40 mg</td> <td style="text-align: center;">55 mg</td> <td style="text-align: center;">75 mg</td> </tr> <tr> <td>Butternut squash (<i>Curcubita moshata</i>, seed extract 4:1)</td> <td style="text-align: center;">10 mg</td> <td style="text-align: center;">10 mg</td> <td style="text-align: center;">15 mg</td> </tr> <tr> <td>Vitamin B1 (Thiamine HCL)</td> <td style="text-align: center;">2 mg</td> <td style="text-align: center;">4 mg</td> <td style="text-align: center;">6 mg</td> </tr> <tr> <td>Vitamin B2 (Riboflavin)</td> <td style="text-align: center;">5 mg</td> <td style="text-align: center;">10 mg</td> <td style="text-align: center;">12 mg</td> </tr> <tr> <td>Vitamin B2 (Riboflavin 5-Phosphate)</td> <td style="text-align: center;">1 mg</td> <td style="text-align: center;">2 mg</td> <td style="text-align: center;">3 mg</td> </tr> <tr> <td>Vitamin B3 (Inositol Hexanicotinate flush free)</td> <td style="text-align: center;">3 mg</td> <td style="text-align: center;">6 mg</td> <td style="text-align: center;">8 mg</td> </tr> <tr> <td>Vitamin B6 (Pyridoxine HCL)</td> <td style="text-align: center;">20 mg</td> <td style="text-align: center;">40 mg</td> <td style="text-align: center;">55 mg</td> </tr> <tr> <td>Vitamin B6 (Pyridoxal 5-Phosphate)</td> <td style="text-align: center;">5 mg</td> <td style="text-align: center;">10 mg</td> <td style="text-align: center;">12 mg</td> </tr> <tr> <td>Molybdenum (citrate)</td> <td style="text-align: center;">75 mcg</td> <td style="text-align: center;">150 mcg</td> <td style="text-align: center;">200 mcg</td> </tr> </tbody> </table> <p>Suggested Use Take 1 capsule daily with food or as directed by your health care practitioner. ALPHA LIPOIC ACID	Product # 321 Product # 117	60 capsules 125 mg 60 capsules 250 mg																																																
<p>If its essential role in health is any indication, alpha lipoic acid may very well join the ranks of vitamins C and E as part of your first-line of defense against free radicals. Discovered in 1951, it serves as a co-enzyme in the Krebs cycle and in the production of cellular energy. Several qualities distinguish alpha lipoic acid from other antioxidants, and it has been described at various times as the "universal", "ideal", and "metabolic" antioxidant. It neutralizes free radicals in both the fatty and watery regions of cells, in contrast to vitamin C (which is water-soluble) and vitamin E (which is fat-soluble).</p>	<p>Each Capsule Contains: DL-alpha-Lipoic acid</p> <p>Suggested Use Adults: Take 1 or 2 capsules daily with food or as directed by your health care practitioner.</p> <p>NPN#: 80021988 (#117) NPN#: 80021989 (#321)</p>																																																	

ANTI-OX COMPLEX	Product # 150	60 capsules 100 mg																										
<p>Strongest pollution protection</p> <p>Recent research suggests that reduced glutathione may be an even more effective anti-oxidant than vitamin E and vitamin C. Anti-Ox Complex combines the powerful anti-oxidant glutathione (reduced) with Vitamin C, N-Acetyl-Cysteine and alpha lipoic acid. Anti-oxidants help prevent cellular damage caused by free radical damage. Oxidant damage results in defective DNA which can lead to premature cell death, tumours' and pre-mature aging.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="834 268 1435 363"> <tr> <td>L-Glutathione</td> <td>100 mg</td> </tr> <tr> <td>Vitamin C (Ascorbic Acid)</td> <td>200 mg</td> </tr> <tr> <td>N-Acetyl-Cysteine</td> <td>125 mg</td> </tr> <tr> <td>DL-alpha-lipoic acid</td> <td>75 mg</td> </tr> </table> <p>Suggested Use Adult: Take 1-2 capsules daily or as directed by your health care professional.</p> <p>NPN#: 80022841</p>		L-Glutathione	100 mg	Vitamin C (Ascorbic Acid)	200 mg	N-Acetyl-Cysteine	125 mg	DL-alpha-lipoic acid	75 mg

ARTERY CLEANSE	Product # 1171	90 capsules																										
<p>(Works synergistically with CHOLEST)</p> <p>Heart Artery Cleansing</p> <p>The positive effect of vitamin C, vitamin E, alpha-lipoic acid, vitamin B3 (niacin and niacinamide), vitamin B6 and L-carnitine lies in its ability to lower LDL-cholesterol levels while at the same time raising HDL-concentrations in the blood. L-carnitine cleans the blood of "bad" fatty acids. Together with vitamin B2, vitamin B56, pantethin and biotin it supports a healthy fat metabolism in the cells. vitamin B6 also inhibits platelet aggregation (when platelets adhere to each other they release compounds that dramatically promote the development of atherosclerotic plaques). By strengthening the collagen structure of the arteries, vitamin E and vitamin C care for the elasticity of the artery walls, thus preventing plaque formation. While folic acid and vitamin B6 reduce toxic homocysteine concentrations, vitamin C and vitamin E protect LDL-cholesterol from oxidation. In its ability to regenerate oxidized vitamin E in the body, vitamin C potentiates the antioxidant benefits of vitamin E. Alpha-lipoic acid increases this important antioxidative effect by mobilizing also other antioxidants in their defence of cell damaging free radicals.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="834 604 1435 909"> <tr> <td>Magnesium Ascorbate</td> <td>170 mg</td> </tr> <tr> <td>Calcium Ascorbate</td> <td>105 mg</td> </tr> <tr> <td>Niacinamide</td> <td>105 mg</td> </tr> <tr> <td>L Carnitine</td> <td>55 mg</td> </tr> <tr> <td>Alpha Lipoic Acid</td> <td>50 mg</td> </tr> <tr> <td>D Pantethine</td> <td>20 mg</td> </tr> <tr> <td>Niacin</td> <td>18 mg</td> </tr> <tr> <td>Vitamin B6 (pyridoxal 5-phosphate)</td> <td>18 mg</td> </tr> <tr> <td>Thiamin</td> <td>5 mg</td> </tr> <tr> <td>Riboflavin 5-phosphate</td> <td>5 mg</td> </tr> <tr> <td>Vitamin B9 Folic Acid</td> <td>140 mcg</td> </tr> <tr> <td>D'Alpha-Tocopherol Succinate</td> <td>40 mcg</td> </tr> <tr> <td>Biotin</td> <td>36 I.U.</td> </tr> </table> <p>Suggested Use Take 1 capsule 3 times daily, or as directed by your Health Care Practitioner. ASTRAGALUS IMMUNE	Product # 1158	90 capsules																																				
<p>Astragalus is a complex combination of polysaccharides, triterpene glycosides, flavonoids, amino acids, and trace minerals. Astragalus appears to restore T-cell (a specific type of white blood cell) counts to relatively normal ranges in some cancer patients. Astragalus polysaccharides have been shown to stimulate pituitary-adrenal cortical activity and restore depleted red blood cell formation in bone marrow. Again, confirming traditional Chinese medicine, Astragalus has been shown to stimulate the body's natural production of interferon and also useful for the treatment of Alzheimer's disease, chemotherapy support, common cold/sore throat and immune function.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="834 268 1435 317"> <tr> <td>Astragalus root extract (16% polysaccharides)</td> <td>500 mg</td> </tr> </table> <p>Suggested Use Take 1 capsule daily or as directed by your health care practitioner</p> <p>NPN#: 80025312</p>		Astragalus root extract (16% polysaccharides)	500 mg

BCA-80	Product # 1168	240 tablets 850 mg																																				
<p>Including branch-chain amino acids All from Lactalbumine Vitazan Professional BCA-850 is made from 100% pure pharmaceutical grade Lactalbumine Hydrolysate for maximal protein utilization. Each tablet provides the optimal mix of free-form di- and tri-peptide amino acids. Amino-Mix is a scientifically balanced source of both essential and non essential amino acids. Amino-Mix should be taken with a complete multi-vitamin, such as Vitazan Professional's Multi-Power Immune. Amino acids are dependent on vitamins and minerals to work.</p>	<p>Four Tablets Of 850 Mg Of Lactalbumine Hydrolysate Contain:</p> <table border="1" data-bbox="834 793 1435 1205"> <tr><td>L Glutamic acid</td><td>428 mg</td></tr> <tr><td>L Leucine (BCAA)*</td><td>313 mg</td></tr> <tr><td>L Anpartic acid</td><td>260 mg</td></tr> <tr><td>L Proline</td><td>250 mg</td></tr> <tr><td>L-Lysine</td><td>218 mg</td></tr> <tr><td>L Threonine*</td><td>168 mg</td></tr> <tr><td>L Isoleucine (BCAA)*</td><td>158 mg</td></tr> <tr><td>L Valine (BCAA)*</td><td>145 mg</td></tr> <tr><td>L Alanine</td><td>113 mg</td></tr> <tr><td>L Serine</td><td>110 mg</td></tr> <tr><td>L Phenylalanine*</td><td>78 mg</td></tr> <tr><td>L Tyrosine</td><td>73 mg</td></tr> <tr><td>L Arginine</td><td>63 mg</td></tr> <tr><td>L Cysteine</td><td>50 mg</td></tr> <tr><td>L Glycine</td><td>45 mg</td></tr> <tr><td>L Methionine*</td><td>45 mg</td></tr> <tr><td>L Histidine</td><td>43 mg</td></tr> <tr><td>L Tryptophan*</td><td>40 mg</td></tr> </table> <p>*essential amino acid</p> <p>Suggested Use Adult: Take 3 to 4 tablets twice daily or as directed by your health care practitioner.</p> <p>NPN#: 80023719</p>		L Glutamic acid	428 mg	L Leucine (BCAA)*	313 mg	L Anpartic acid	260 mg	L Proline	250 mg	L-Lysine	218 mg	L Threonine*	168 mg	L Isoleucine (BCAA)*	158 mg	L Valine (BCAA)*	145 mg	L Alanine	113 mg	L Serine	110 mg	L Phenylalanine*	78 mg	L Tyrosine	73 mg	L Arginine	63 mg	L Cysteine	50 mg	L Glycine	45 mg	L Methionine*	45 mg	L Histidine	43 mg	L Tryptophan*	40 mg

BEE POLLEN	Product # 349	100 tablets 500 mg														
<p>Bee pollen is an exceptional food. Its richness in protein and amino acids makes it particularly efficient in treatments against impotence, infertility, obesity, anorexia, bad dentition, intestinal fermentation, various infections, alcoholism, convalescence, breaking nails, etc. Bee Pollen contains the following: Lysine, which fixes calcium; excellent against decalcification, it also favours digestion; Cysteine, indispensable to the pliability of skin; Arginine, the best remedy against impotence, sterility, and frigidity; Tryptophan, which permits the assimilation of vitamin P; Methionine, which improves the functioning of the liver; Histidine, antianemic; Leucine, excellent for the pancreas; Phenylalanine, which favours the assimilation of vitamin C. Bee pollen also has an equilibrating action on the hormonal glands, helps lose weight and/or maintain one's weight. Very rich in B vitamins and in vitamin D, it is recommended to fight against fatigue, overworking, depression, and exhaustion. At the same time, it favours cerebral activity and memory. Very rich in rutin, vitamins E and P, it rejuvenates, softens, and protects blood vessels. It is, therefore, a natural remedy appropriate to fight against arteriosclerosis. It also fights against capillary fragility. Thanks to its vitamin A, it prevents or fights against hair loss and keeps visual acuteness. Rich in certain hormonal substances, it improves complexion and protects against the effects of aging. It cleans the intestinal flora and encourages digestion (it is efficient against constipation as well as against diarrhea). As it increases the hemoglobine levels in the blood, it fights anemia and fatigue. It is also of benefit to women that suffer from osteoporosis, since it reinforces bone solidity, and for men who suffer hypertrophy of the prostate</p>	<p>Each Tablet Contains:</p> <table border="1" data-bbox="834 268 1435 296"> <tr> <td>Bee pollen</td> <td>500 mg</td> </tr> </table> <p>Suggested Use Take 1 or 2 tablets twice daily with meals or as directed by your health professional.</p>		Bee pollen	500 mg

BETA-CAROTENE	Product # 754	90 softgels 25,000 IU														
<p>From Dunaliella Salina 100 % natural Beta-Carotene, natural mixed carotenoids complex is a good source of pro-vitamin A and well balanced antioxidants. It plays an important role in the protection of the cells from the damage of free radicals. It increases tissue carotenoids levels and increases the integrity of the epithelial lining. It preserves the thymus gland. It is of benefit to the immune system. Because of the content of Zeaxanthin and Lutein it provides antioxidant protection to the structure of the eyes, protecting the eye and improving eye vision. It promotes good health of the skin and eyes.</p>	<p>Each Softgel Contains: 100% Natural mixed Carotenoids from Dunaliella Salina.</p> <table border="1" data-bbox="834 1604 1435 1766"> <tr> <td>Beta Carotene (Pro-Vitamin A)</td> <td>25,000 I.U.</td> </tr> <tr> <td>Providing:</td> <td></td> </tr> <tr> <td>Vitamin E</td> <td>1 mg</td> </tr> <tr> <td>Alpha Carotene</td> <td>600 mcg</td> </tr> <tr> <td>Zeaxanthin</td> <td>147 mcg</td> </tr> <tr> <td>Cryptoxanthin</td> <td>124 mcg</td> </tr> <tr> <td>Lutein</td> <td>96 mcg</td> </tr> </table> <p>Suggested Use Take 1 softgel daily, or as directed by your health care practitioner.</p>		Beta Carotene (Pro-Vitamin A)	25,000 I.U. BORAGE OIL ORGANIC	Product # 712	90 softgels 1000 mg						
<p>(24% GLA) NON-GMO Essential Organic Fatty Acids. Borage oil is extracted from the seeds of the borage plant. It contains essential fatty-acids and is one of the highest sources of cis-linoleic and gamma-linolenic acids. Borage oil could be used as an alternative to Evening Primrose oil. Borage oil is known to have anti-arthritis and anti-rheumatic properties and reduces inflammation. In different clinical studies, it shows good results in patients suffering from rheumatoid arthritis. One study shows that patients suffering from this ailment were administered with Borage oil during a 12 week period after which 99% experienced clinical improvement.</p>	<p>Each Softgel Contains:</p> <table border="1" data-bbox="834 268 1435 363"> <tr> <td>Certified organic borage oil 100%</td> <td>1000 mg</td> </tr> <tr> <td>Gamma Linolenic Acid (GLA) (24%)</td> <td>240 mg</td> </tr> <tr> <td>Linoleic Acid (LA) (37%)</td> <td>370 mg</td> </tr> </table> <p>Not bleached, deodorized or refined.</p> <p>Suggested Use Adults: As a source of essential fatty acids for maintenance of good health, take 2 softgels twice daily, or as directed by you health care practitioner.</p> <p>NPN#: 80009509</p>		Certified organic borage oil 100%	1000 mg	Gamma Linolenic Acid (GLA) (24%)	240 mg	Linoleic Acid (LA) (37%)	370 mg

BORON	Product # 1027	100 capsules 3 mg						
<p>Deficiency in boron has been shown to contribute to abnormal embryo development, decreased sperm count, ovarian deterioration, damage in reproductive function, decrease in electrical activity in the brain, suboptimal mineral metabolism, poor manual dexterity and impaired hand-eye coordination. Boron supplementation was found to, increase steroid hormone levels (testosterone) if deficient, increase bone growth and strength, and augment estrogen function. Therefore may help prevent atherosclerosis, improve brain function and cognitive functioning, reduce HDL cholesterol, affect thyroid hormone levels, alleviate harmful effects of vitamin D, magnesium, and potassium deficiency in post menopausal bone loss, play a role in the prevention of osteoporosis, be of benefit in the treatment of arthritis, prevents calcium loss in postmenopausal women.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="834 835 1435 867"> <tr> <td>Boron (Rice Chelated)</td> <td>3 mg</td> </tr> </table> <p>Suggested Use Take 1 capsule daily with a meal or as directed by your health professional.</p>		Boron (Rice Chelated)	3 mg				
Boron (Rice Chelated)	3 mg							
BROMELAIN	Product # 328	90 capsules 500 mg						
<p>Bromelain is a natural anti-inflammatory enzyme that works by breaking down fibrin, a blood-clotting protein that can impede good circulation and prevent tissues from properly draining. Bromelain is used particularly with strains, muscle injuries, pain, swelling, and tenderness that accompany sports injuries. Bromelain also blocks the production of compounds that can cause swelling and pain. When inflammation is minimized, blood can flow easily to a damaged area, easing pain and speeding up the healing process. Because of its anti-inflammatory effects, bromelain has been found to significantly reduce postoperative swelling. Research has also found that bromelain has an effect in reducing swelling, bruising, and pain for women having minor surgery after they have giving birth (episiotomy). Bromelain is often blended with trypsin, an enzyme that alleviates symptoms of urinary tract infection due to its anti-inflammatory action. Research comparing the two enzymes in combination with antibiotics to placebo plus antibiotics reported that reductions of symptoms were good to excellent with all of the patients given these enzymes and antibiotics.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="834 1367 1435 1419"> <tr> <td>Natural Bromelain (Pineapple) (2400 GDU/g)</td> <td>500 mg</td> </tr> </table> <p>Each gram of this extra strength Bromelain extract contains 2400 gelatin digestive units (GDU) and 3600 milk clotting units (MCU) of enzyme activity. With vegetable grade magnesium stearate (used as lubricant). From Pineapple (2400 GDU & 3600 MCU) per gram.</p> <p>Suggested Use Take 1 capsule or more at mealtime to help digestion.</p>		Natural Bromelain (Pineapple) (2400 GDU/g)	500 mg				
Natural Bromelain (Pineapple) (2400 GDU/g)	500 mg							

<p>Bromelain is generally safe and free of side effects when taken in moderate amounts. However, increased heart rate has been noted with the use of bromelain, because it acts as a blood thinner. In addition, some people may be allergic to bromelain. Individuals should seek the advice from a health care professional before combining other drugs with bromelain.</p>																						
CALCIUM & MAG. + VITAMIN D	Product # 1377	100 tablets

CALCIUM - MAGNESIUM WITH VITAMIN D, ZINC, SILICA & BORON	Product # 1469	100 capsules																				
<p>Calcium is the main mineral in bone calcification; the quality of the calcium crystals formed is absolutely dependent on magnesium. When a shortage of magnesium develops, calcium crystals are then weakened, permitting fractures to occur, even when the recommended daily calcium supplements have been taken. It is a clinical fact that when magnesium is supplied with calcium on at least a 2:1 ratio (2 parts calcium, 1 part magnesium), the bones undergo a stronger calcification. When seeking to treat osteoporosis, some doctors administer a 1:1 ratio of calcium and magnesium, using calcium citrate, zinc citrate and vitamin D.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="834 821 1438 1052"> <tr> <td>Calcium (citrate)</td> <td style="text-align: right;">100 mg</td> </tr> <tr> <td>Magnesium (citrate)</td> <td style="text-align: right;">50 mg</td> </tr> <tr> <td>Zinc (citrate)</td> <td style="text-align: right;">2.5 mg</td> </tr> <tr> <td>Vitamin D3 (Cholecalciferol)</td> <td style="text-align: right;">150 I.U.</td> </tr> <tr> <td>Glutamic Acid Hydrochloride</td> <td style="text-align: right;">12.5 mg</td> </tr> <tr> <td>Betaine Hydrochloride</td> <td style="text-align: right;">12.5 mg</td> </tr> <tr> <td>Boron (elemental value)</td> <td style="text-align: right;">400 mcg</td> </tr> <tr> <td>Horsetail Extract 7% (silica)</td> <td style="text-align: right;">62.5 mg</td> </tr> <tr> <td>L-Taurine</td> <td style="text-align: right;">12.5 mg</td> </tr> <tr> <td>Vitamin K1</td> <td style="text-align: right;">12 mcg</td> </tr> </table> <p>All mineral values are expressed in elemental forms</p> <p>Suggested Use Take 2 capsules 3 times a daily with meals, or as directed by your Health Care Practitioner.</p>		Calcium (citrate)	100 mg	Magnesium (citrate)	50 mg	Zinc (citrate)	2.5 mg	Vitamin D3 (Cholecalciferol)	150 I.U. <p>100% pure Antiatherogenic, antihypercholesterolemic, Vitamin C (calcium ascorbate) is an immune booster and aids in fighting bacterial infections. It is a strong antioxidant destroying free radicals in the body. Vitamin C (calcium ascorbate) is an anticancerogenic, antitumorogenic, antibacterial, and promotes bone and tooth formation. When serum levels of Vitamin C are high, synovial fluid becomes thinner allowing free movements and reducing arthritic pain. Vitamin C (calcium ascorbate) may aid in lowering the blood cholesterol level and slows the aging process. It helps prevent prostate cancer.</p>	<p>Each ¼ Tsp. CALCIUM (CORAL) 500 mL	Product #201	500 ml liquid																				
<p>Vitazan Okinawan Coral Calcium is made from 100% pure Okinawan coral, with Magnesium, Boron and Vitamin D added for maximum absorption. Microscopic animals create coral by absorbing and reforming ocean minerals into coral reefs. In the process, these minerals are transformed into positively charged ionic compounds with an affinity for the human body. Vitazan Okinawan Coral Calcium contains 38% calcium, 7% magnesium, and all 72-trace minerals found in similar proportion to the human body. Research analyzing both serum calcium concentration and urinary calcium excretion has proven the superior absorption of coral, comparable to the results of calcium citrate over other forms of calcium carbonate.</p>	<p>Each Tablespoon (15ml) Contains:</p> <table border="1"> <tr> <td>*Calcium (Coral Calcium)</td> <td>400 mg</td> </tr> <tr> <td>*Magnesium (Citrate)</td> <td>125 mg</td> </tr> <tr> <td>*Magnesium (gluconate)</td> <td>75 mg</td> </tr> <tr> <td>*Boron (Citrate)</td> <td>320 mcg</td> </tr> <tr> <td>Vitamin D3</td> <td>500 I.U.</td> </tr> </table> <p>*Elemental value Contains 72 to 75 trace Minerals.</p> <p>Suggested Use Shake well. CALCIUM MAGNESIUM LIQUID	Product # 284	500 ml liquid																				
<p>(Peach Flavored) Peach Flavor Calcium is a vital mineral for the formation of strong bones and teeth and to maintain a regular heartbeat and the transmission of nerve impulses. Supplementation of calcium is important to prevent development of osteoporosis. It is needed for muscle growth, muscle contraction and to prevent muscle cramps. It is also important for preventing blood clotting, and cholesterol. Several clinical studies have demonstrated that calcium has a positive effect on lowering high blood pressure. Calcium inhibits the absorption of lead that deposits in teeth and bones. The amino acid lysine is needed to help in the absorption of calcium. Vitamin D stimulates the absorption of calcium. Calcium is more effective when taken it in small amounts spread throughout the day and when one of the doses is taken before bedtime, thus it will also help to have a good sleep. Estrogen protects the skeletal system by aiding to the deposit of calcium in the bones. Female athletes and the ones going through menopause need greater amounts of calcium due to the lower estrogen levels. Some warnings to consider are: Calcium taken with iron reduces the effect of both minerals. Too much calcium may interfere with the absorption of zinc; as well too much zinc may interfere with calcium absorption. Magnesium is an important mineral to enzyme activity. It assists in calcium and</p>	<p>Each Tablespoon (15ml) Contains:</p> <table border="1"> <tr> <td>*Calcium (Carbonate)</td> <td>233 mg</td> </tr> <tr> <td>*Calcium (Citrate)</td> <td>7 mg</td> </tr> <tr> <td>*Magnesium (Oxide)</td> <td>158 mg</td> </tr> <tr> <td>*Magnesium (Citrate)</td> <td>22 mg</td> </tr> <tr> <td>*Calcium Ascorbate</td> <td>30 mg</td> </tr> <tr> <td>*Zinc (Citrate)</td> <td>16.5 mg</td> </tr> <tr> <td>*Silica</td> <td>9.5 mg</td> </tr> <tr> <td>*Boron (Citrate)</td> <td>1000 mcg</td> </tr> <tr> <td>Vitamin D3</td> <td>105 I.U.</td> </tr> <tr> <td>Vitamin E</td> <td>5.25 I.U.</td> </tr> </table> <p>*Elemental value</p> <p>Suggested Use Shake well. <p>potassium uptake. Supplementation of magnesium is important for transmission of nerve and muscle impulses, without proper transmission of impulses the organism gets irritable and nervous. Magnesium helps to prevent depression, dizziness, muscle weakness, high blood pressure and heart disease. It also aids in maintaining the proper pH balance. Magnesium protects the arterial lining from stress caused by sudden blood pressure changes. It also has a lot to do with carbohydrate and mineral metabolism. With vitamin B6, magnesium helps to reduce and dissolve calcium phosphate stones. Magnesium supplementation is as important as calcium supplementation in individuals suffering from osteoporosis.</p>

<p>COX-2 gene, VEGF levels dropped after treatment with COX-2 inhibitors. Vitazan Professional has developed a natural product that selectively blocks the enzyme cox-2 (cyclooxygenase-2). As well, blocking this enzyme impedes the production of the chemical messengers called prostaglandins that cause the pain and swelling of arthritis inflammation.</p>	<p>Product Warning: Due to the Curcumin content DO NOT USE Can-Arrest while taking chemotherapy drugs.</p>																									
<p>CANDIDA ALBICANS FORMULA</p>	<p>Product # 592</p>	<p>180 capsules</p>																								
<p>(30 days)</p> <p>Vitamin A: (Beta Carotene: Pro-Vitamin A) Antioxidant, it is very necessary to keep mucuses in good shape, since they are a perfect place for the Candida infection to grow. It strengthens the immune system and prevents infections.</p> <p>Garlic: Contents: Allicin, alliin, allyl, calcio, germanio, vitaminas A, B1, B2, C and minerals. It is a natural antibiotic and protects against infections. It is very effective in candida treatments as it detoxifies the organism.</p> <p>Grapefruit Seed extract: The active ingredient of this product is extracted from the seed, contains various tarpens aminoacids and vitamin C. After several studies, this compound has been considered to be very effective against bacteria gram+ and gram-, fungus and yeast.</p> <p>Caprylic Acid: This is a short chain of essential fatty acids from coconut oil. It contains caprilates. It has natural antifungus properties and has been recognized as a very potent and effective treatment for candida albicans. It also helps to avoid proliferation of yeast.</p> <p>Echinacea: Contains glycoside echina-coside, mucopolysaccharides (echinacin, inulin), betaine, tannins, achinolone, enzymes, fructose, fatty acids, vitamin C. It strengthens the immune system and fights infections. It has antibiotic, antiviric and anti-inflammatory properties. It purifies the blood and helps to clean the lymphatic system.</p> <p>Suma: Contains pfaffic acid, phytosterols (beta-ecdysone) and pfaffosides. It also contains germanium, allantoin, and some vitamins, minerals and amino acids. Suma is a root that is well known for its ability to promote and increase vitality. It is considered as a general tonic. It helps the body achieve a balance, and as a result, it increases the resistance to infections as well as stress. It oxygenates and detoxicates the tissues and it has regenerative effects; renews the cells, regulates and balances female hormones.</p> <p>Black Walnut Hulls: Contains flavonoids, tannins, ellagic, tannic and gallic acids, juglone, nucin, trace minerals and vitamins. It is very effective in the treatment of intestinal parasites; fighting them and expelling them from the organism. It promotes detoxification.</p>	<p>Ingredient Per Two Capsules:</p> <table border="1" data-bbox="829 485 1430 1058"> <tr> <td>Vitamin A (Beta Carotene: Pro-Vitamin A) (Dunaliella Salina)</td> <td style="text-align: right;">6,000 I.U.</td> </tr> <tr> <td>Pau d'Arco (inner bark & wild crafted) (extract 4:1 50 mg P.E.)=</td> <td style="text-align: right;">200 mg</td> </tr> <tr> <td>Grapefruit Seed extract concentrate</td> <td style="text-align: right;">100 mg</td> </tr> <tr> <td>Echinacea Angustifolia Root (40% polyphenols)</td> <td style="text-align: right;">750 mg</td> </tr> <tr> <td>Caprylic Acid Magnesium (short chain fatty acid from coconut oil)</td> <td style="text-align: right;">180 mg</td> </tr> <tr> <td>Caprylic Acid Calcium (short chain fatty acid from coconut oil)</td> <td style="text-align: right;">180 mg</td> </tr> <tr> <td>Caprylic Acid Zinc (short chain fatty acid from coconut oil)</td> <td style="text-align: right;">40 mg</td> </tr> <tr> <td>Odourless Super Garlic (10,000 mcg of Allicin per gm)</td> <td style="text-align: right;">125 mg</td> </tr> <tr> <td>Black Walnut Hulls (extract 4:1 16 mg P.E.)=</td> <td style="text-align: right;">64 mg</td> </tr> <tr> <td>Suma (Pfaffia Paniculata)</td> <td style="text-align: right;">100 mg</td> </tr> <tr> <td>Selenium (Yeast free L Selenomethionine)</td> <td style="text-align: right;">50 mcg</td> </tr> <tr> <td>Oregano extract (wild) 30% carvacrol</td> <td style="text-align: right;">80 mg</td> </tr> </table> <p>P.E. powder extract</p> <p>Suggested Use As a dietary supplement, take 2 capsules after meals three times daily or as directed by your health professional. Important: Take 1 capsule of Acidophilus Ultimate (11 Billion per capsule) before each meal. As the yeast territory is destroyed, it is important to re-establish friendly beneficial microorganisms (probiotics) like Acidophilus Ultimate 11 Billion in this territory. This guards against the reinvasion of bad bacteria. Take Candida Albicans Formula for 8 weeks for best results and supplement with Acidophilus Ultimate F.O.S. (11 Billion per capsule) thereafter once or twice a day. Follow a low yeast diet.</p>		Vitamin A (Beta Carotene: Pro-Vitamin A) (Dunaliella Salina)	6,000 I.U. CAPRYLIC ACID	Product # 331	60 capsules 785 mg												
(Yeast Stop Formula) Caprylic acid is designed to nutritionally support the needs of those who want to rebalance their friendly bacteria and reduce an overabundance of Candida albicans yeast in the body. An overgrowth in the gastrointestinal tract of the usually benign yeast (or fungus) "Candida albicans" is now becoming recognized as a complex medical syndrome called "chronic candidiasis" or the "yeast syndrome". Specifically, the overgrowth of candida is believed to cause a wide variety of symptoms in virtually every system of the body, with the gastrointestinal, genitourinary, endocrine, nervous and immune systems being the most susceptible.	Each Capsule Contains: <table border="1"> <tr> <td>Caprylic acid (calcium) (Short-chain fatty acid from coconut oil)</td> <td>180 mg</td> </tr> <tr> <td>Caprylic acid (magnesium) (Short-chain fatty acid from coconut oil)</td> <td>180 mg</td> </tr> <tr> <td>Caprylic acid (zinc) (Short-chain fatty acid from coconut oil)</td> <td>40 mg</td> </tr> <tr> <td>Pau d'Arco</td> <td>250 mg</td> </tr> <tr> <td>Garlic Odourless (1000 mcg Allicin potential per capsule)</td> <td>100 mg</td> </tr> <tr> <td>Clove</td> <td>35 mg</td> </tr> </table> <p>Suggested Use Take 3 capsules twice a day (morning and evening) with water before meals.</p>		Caprylic acid (calcium) (Short-chain fatty acid from coconut oil)	180 mg	Caprylic acid (magnesium) (Short-chain fatty acid from coconut oil)	180 mg	Caprylic acid (zinc) (Short-chain fatty acid from coconut oil)	40 mg	Pau d'Arco	250 mg	Garlic Odourless (1000 mcg Allicin potential per capsule)	100 mg	Clove	35 mg

CHLORELLA (THIN WALL)	Product # 333 Product # 334	150 gm powder 60 capsules 455 mg												
Korean Thin wall 83% digestibility Chlorella is nature's first and most perfect food. It contains essential amino acids of protein, nucleic acids, fibers, vitamins and minerals, and many other important nutrients. Chlorella has many health benefits. It enhances the immune system by stimulating the body to make more interferon. Chlorella increases the amount of beneficial flora in the gastrointestinal tract, which aids in treating ulcers, colitis, Chronn's disease and diverticulosis.	Ingredient: Chlorella (Deep green, thin wall) Deep green, thin wall Chlorella: digestibility 83%. Contains 12 naturally occurring vitamins including Beta-Carotene, B1, B2, B3, B12 and Biotin. It contains 2 3% Chlorophyll and contains nucleic acids 10% RNA + 3% DNA. Plus organic germanium. It is 66% protein. Superior absorption Suggested Use Take 1/2 tsp. (2.47 gm) 1 to 2 times daily with water or juice. This thin wall chlorella is of the highest quality.													
CHLOROPHYLL	Product # 116	100 ml liquid												
(From Alfalfa) Liquid Concentrate Chlorophyll has been used to repair tissues and is often used to help neutralize the pollution that we eat and breathe. It assists in the assimilation of calcium and other minerals and works to strengthen and purify the entire body. The alfalfa plant, from which Vitazan Professional rich chlorophyll comes, is an excellent natural source of chlorophyll.	Each Teaspoon (20 Drops) Contains: <table border="1"> <tr> <td>Chlorophyll equivalent to 2% Solution</td> <td>100 mg</td> </tr> </table> <p>Suggested Use Shake well. Take 1 teaspoon (5 ml) daily in a glass of water (250 ml).</p>		Chlorophyll equivalent to 2% Solution	100 mg

CHROMIUM PICOLINATE	Product # 1026	100 capsules 200 mcg										
<p>Chromium Picolinate is a patented version of the trace mineral chromium bound to picolinic acid. Studies show that chromium picolinate benefits include weight loss, lowered serum cholesterol and glucose, burned fat, and built muscle. Picolinic acid is produced in the human body for the purpose of improving the cellular uptake of trace metal ions. Scientists have demonstrated that the minerals in picolinate form are better assimilated than most other forms. Chromium Picolinate also reduces high serum glucose levels which can contribute to aging via a destructive process known as glycosylation (also called non enzymatic glycation), in which glucose molecules bind to proteins and interfere with their function. People with diabetes have a highly increased rate of protein glycosylation and this plays a major part in their increased risk of atherosclerosis and many other diseases. For many with diabetes, chromium enhances the ability of insulin to lower serum glucose levels. A double blind, crossover study showed an average of 7% cholesterol reduction in subjects taking chromium picolinate.</p>	Product # 1025	100 capsules 500 mcg

CHOLEST	Product # 1276	90 tablets										
<p>Optimized cholesterol levels: Lowering levels of LDL and optimizing the HDL to LDL ratio are a good step towards minimizing the risk of coronary heart disease. Vitazan Professional Cholest formulation is a select group of nutraceuticals and nutrients that accomplish both these tasks. Managing cholesterol through nutraceuticals: Cholesterol is a naturally required and produced substance; levels of cholesterol within our bodies can be warped by bad eating habits and lifestyle factors. These are environmental factors that are well within our control and, well within our ability to affect. Proper supplementation of the right kind of nutraceuticals can help our bodies cope with an excess of cholesterol and put us back on the right track to good health. Primarily the supplements in Vitazan Professional's powerful Cholest formulation help balance and maintain proper levels of cholesterol, though their utility is not limited to this act.</p>	<p>Each Softgel Contains:</p> <table border="1"> <tbody> <tr> <td data-bbox="829 940 1135 968">Guggul</td> <td data-bbox="1135 940 1448 968">350 mg</td> </tr> <tr> <td data-bbox="829 968 1135 995">Red Yeast extract (1.5% lovastatin)</td> <td data-bbox="1135 968 1448 995">50 mg</td> </tr> <tr> <td data-bbox="829 995 1135 1022">Green tea extract (50% polyphenols)</td> <td data-bbox="1135 995 1448 1022">80 mg</td> </tr> <tr> <td data-bbox="829 1022 1135 1050">Phytosterols</td> <td data-bbox="1135 1022 1448 1050">200 mg</td> </tr> <tr> <td data-bbox="829 1050 1135 1077">Oat Fiber</td> <td data-bbox="1135 1050 1448 1077">150 mg</td> </tr> </tbody> </table>		Guggul	350 mg	Red Yeast extract (1.5% lovastatin)	50 mg	Green tea extract (50% polyphenols)	80 mg	Phytosterols	200 mg	Oat Fiber	150 mg

CITRUS BIOFLAVONOIDS & HESPERIDIN	Product # 343	90 capsules 650 mg						
<p>Bioflavonoids are strong antioxidants and free radical scavengers that can be a cytoprotectant in situations where oxidants or chemicals become harmful to cells. Bioflavonoids are known to aid the cardiovascular system. They can reduce coronary heart disease, and remove strong oxidants due to their high antioxidant activity. Bioflavonoids affect enzymatic lipid peroxidation due to their enzyme inhibiting properties, as well as non-enzymatic lipid peroxidation due to their antioxidant properties. Bioflavonoids are effective in reducing the inflammation process and have wound healing effects that are useful in treating swollen soft tissue damage. Bioflavonoids stimulate phagocytosis, enzyme production, proteolysis and the removal of protein and edema fluids from injured tissues. Supplementation may prevent, or be helpful with, the following conditions: aging, allergies (allergic rhinitis, hay fever), asthma, atherosclerosis (heart disease), capillary fragility (bruising), cancer, cataracts, diabetes, herpes Simplex (cold sores), hypercholesterolemia (high cholesterol), hypertension (high blood pressure), immunodepression (immune function), inflammation (including bursitis), intermittent claudication (poor circulation), macular degeneration, menopause, periodontal disease, sinusitis (sinus infection), varicose veins.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="834 268 1435 382"> <tr> <td>Bioflavonoid Complex (50% Hesperidin) (Lemon, Grapefruit, Orange)</td> <td>500 mg</td> </tr> <tr> <td>Hesperidin</td> <td>100 mg</td> </tr> <tr> <td>Quercetin Dihydrate 98%</td> <td>50 mg</td> </tr> </table> <p>Suggested Use Take 1 to 3 capsules daily or as directed by your health professional.</p>		Bioflavonoid Complex (50% Hesperidin) (Lemon, Grapefruit, Orange)	500 mg	Hesperidin	100 mg	Quercetin Dihydrate 98%	50 mg

CLOVES	Product # 345	100 capsules 500 mg						
<p>This herb keeps food fresh because the main active component of cloves is eugenol, which is known to help kill bacteria and viruses. By killing bacteria, eugenol helps keep meat fresh and prevents stomach upset, traveler's diarrhea and wound infections. The eugenol in cloves makes the herb effective as an antiseptic and painkiller. Just a drop of this healing oil can ease tooth pain until you can see a dentist. This herb is also used for combating intestinal problems such as indigestion. It has been used in Asia for thousands of years for many ailments. There is an ingredient in cloves that fights the bacteria responsible for creating diarrhea, and has a history as a relief for such problems. Studies show that the oil in cloves can help kill several strains of staphylococcus bacteria and one strain of pseudomonas- organisms that can cause skin infections. To treat cuts, empty one capsule mixing with water to form a paste. Apply the poultice directly to the site of the cut. Cover it with a warm towel.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="834 1041 1435 1092"> <tr> <td>Freshly ground cloves (Syzygium Aromaticum)</td> <td>500 mg</td> </tr> </table> <p>Suggested Use Take 1 capsule daily with meals or as directed by your health professional.</p>		Freshly ground cloves (Syzygium Aromaticum)	500 mg				
Freshly ground cloves (Syzygium Aromaticum)	500 mg							

COCONUT OIL	Product # 1185	90 softgels 1000 mg		
<p>(first pressed, extra virgin) Coconut oil is unusually rich in short and medium chain fatty acids. Shorter chain length allows fatty acids to be metabolized without use of the carnitine transport system. Mildronate protects cells against stress partly by opposing the action of carnitine, and comparative studies show that added carnitine has the opposite effect, promoting the oxidation of unsaturated fats during stress, and increasing oxidative damage to cells. Our exceptional oil is centrifuged via DCE (Direct Centrifuge Expeller)</p>	<p>Each Softgel Contains:</p> <table border="1" data-bbox="834 268 1435 296"> <tr> <td>Coconut oil, extra virgin</td> <td>1000 mg</td> </tr> </table> <p>Suggested Use Take 1 or 2 softgels daily or as directed by your Health Care Practitioner.</p>		Coconut oil, extra virgin	1000 mg

CO-ENZYME Q10	Product # 755 Product # 346 Product # 1291	60 capsules 60 mg 60 capsules 100 mg 30 capsules 300 mg		
<p>Co-Q10 is considered to be a very powerful antioxidant and plays a very important role in the immune system and the aging process. It is essential everytime the body makes physical efforts. Individuals with cardiovascular diseases (including hypertension, angina, congestive and heart failure) often have a deficiency of Co-enzyme Q10 and require an increased level in their tissue. Studies with patients suffering from stable angina pectoris show that supplying them with 150 mg a day of Co-Q10 for four weeks reduced the frequency of angina attacks by 53%. Co-enzyme Q10 should be considered in all heart disorders including angina, deterioration of the immune system related to age, and as an excellent antioxidant.</p>	<p>Each Capsule Contains: Co Enzyme Q10 (Ubiquinone from Japan) (Bacterial fermentation)</p> <p>Suggested Use Take 1 capsule twice daily with a meal, or as directed by your health professional. An antioxidant for the maintenance of good health. Helps to maintain and support cardiovascular health.</p> <p>NPN#: (346) 80009479 NPN#: (755) 80009212</p>

CREATINE MONOHYDRATE	Product # 103	200 gm powder		
<p>(100% Pharmaceutical Grade) Muscle stamina. Compliments D-RIBOSE. As you work-out your body uses ATP. As ATP runs out (within seconds) your body switches to alternate means of energy. Creatine is transformed by your body into ATP, allowing muscles to function more efficiently during a workout.</p>	<p>Ingredients: 100% Creatine Monohydrate (minimum purity 99.5%) (C4, H9, N3, H2, O)</p> <p>Suggested Use Add 1 rounded teaspoon (appr. 5 grams) mixed in 150 ml of water or juice. At loading phase (5-7 days), take 3-4 teaspoons (15-20 g/day). At maintenance phase, take 1/2-1 teaspoon (2-5 g/day). Never exceed 1 teaspoon (5 g) per dose. Take separately from products containing caffeine.</p> <p>NPN#: 80019918</p>			
CURCUMIN 95% 500MG	Product # 1155	90 capsules 500 mg		
<p>Curcumin is an antioxidant extract found in turmeric root. Curcumin contains curcuminoids including curcumin, demethoxycurcumin and bisdemethoxy-curcumin. Through its antioxidant mechanisms, curcumin supports colon health, exerts neuroprotective activity, reduces inflammation, has anti-carcinogenic properties and helps maintain a healthy cardiovascular system. Curcumin interferes with melanoma cells. Invitro studies show that curcumin forced melanoma (skin cancer) cells more likely to self-destruct in a process known as apoptosis. The same study also found curcumin helped stop the spread of breast cancer tumor cells to the lungs of mice. The curcumin suppressed two proteins that tumor cells use to keep themselves immortal. Studies evaluating the role of curcumin and cancer continue to advance at a fast rate.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="834 579 1435 606"> <tr> <td>Curcumin 95% extract</td> <td>500 mg</td> </tr> </table> <p>Suggested Use Take 1 capsule three times a day or as directed by your Health Care Practitioner.</p> <p>Product warning: Do not use while on chemotherapy. Stop taking Curcumin 95% 2 days before chemotherapy. Take Curcumin 95% only 30 days after your last chemotherapy treatment has ended.</p>		Curcumin 95% extract	500 mg

DANDELION ROOT & CELERY SEED	Product # 338	100 capsules 430 mg		
<p>These two plants have been mixed together mainly to assist the body with different liver disorders.</p> <p>Dandelion Root: Active constituents : Bitter glycosides, bitter resin taraxacerin, phytosterols, tannins, essential oils, triterpenes, inulin, levulin, saponin, enzyme, citric and silicic acid, minerals, carotenoids, levulose, glutin, gum, vitamins A and C, choline and niacin. The carotenoid content in this plant is extremely high: 14,000 I.U. of vitamin A per 100 gm compared to 11,000 I.U. of vitamin A in carrots. This herb heads the list of excellent medicinal foods, for the liver and related glands and organs. It cleanses the blood stream and liver, and increases the production of bile. It stimulates the flow of bile directly and also promotes the flow of bile by inducing contraction of the gallbladder.</p> <p>Celery Seed: Active constituents: essential oils 2-3% including apiol y furanocoumarin, flavonoids, fixed oils, asparagin, cholin, alkaloid, tyrosin, many minerals and trace minerals, vitamins A, B, C, E. Celery is a food remedy which is a detoxicant and nutritive at the same time. The main use of celery is in treating chronic deficiency conditions involving toxicosis. It is a good urinary restorative - stimulant remedy and acts as a resolvent and draining diuretic, and a dissolvent for urinary deposits.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="834 1083 1435 1110"> <tr> <td>Dandelion root and celery seed</td> <td>430 mg</td> </tr> </table> <p>Suggested Use Take 1 or 2 capsules twice daily with meals or as directed by your health professional</p>		Dandelion root and celery seed	430 mg

DE-FEN	Product # 607	29 ml										
<p>De-Fen is an antiseptic. It is an effective antiviral, antibacterial and antifungal product. By administering, the immune system is assisted in carrying out the normal body process of defense against invading micro-organisms, with little or no toxicity to normal tissues.</p> <p>De-Fen inhibits the growth of disease bacteria in water: Add 10 drops per gallon of water.</p> <p>Insect bites: Saturate a small piece of cotton or cloth and place on bite.</p> <p>Cuts: Put a few drops directly on cut.</p> <p>Preserve freshness of milk: Add 20 drops per quart. Milk stays fresh 3-4 weeks.</p> <p>Food poisoning/amoebic dysentery or diarrhea: Add 20 drops in water drink every 2-3 hours, three times daily. Bacteria contamination on food (vegetables, seafood, poultry, pork)</p>	<p>Ingredients: 2% NaCL with oxygen in purified distilled water.</p> <p>Suggested use: Take 5-20 drops in 50 ml of water twice daily or as directed by your health professional.</p>											
DEVIL'S CLAW	Product # 358	100 capsules 525 mg										
<p>Devils Claw has been used in Africa and German medical clinics for liver, gallbladder, and kidney ailments, lymphatic system toxicity, diabetes, nervous malaise, respiratory ailments, blood diseases, and indigestion. Devil's Claw derives its name from its large hooked, claw-like fruit which has been known to harm and trap livestock grazing nearby. The tuber is used medicinally and has become a primary treatment for arthritis and rheumatism. In the Kalahari Desert and Namibian steppes, the root is also used as a treatment for indigestion and other gastrointestinal problems in the same manner as Western bitters are used. Devil's claw is also used externally as an ointment to treat skin rashes, wounds, etc.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="833 932 1435 961"> <tr> <td>Devil's claw</td> <td>525 mg</td> </tr> </table> <p>Suggested Use Take 1 or 2 capsules twice daily with meals or as directed by your health professional.</p> <p>NPN#: 80009415</p>		Devil's claw	525 mg

DIGESTIVE ENZYMES	Product # 425	100 tablets										
<p>This formula has been designed for people requiring supplemental digestive enzymes to aid in the breakdown of proteins, fats and carbohydrates. Proteolytic enzymes such as trypsin, chymotrypsin, and bromelain are partially absorbed by the body. Once absorbed, they have anti-inflammatory activity and may even demonstrate antitumor effects. Proteolytic enzymes may also improve immune system function, for example, in people with shingles (herpes zoster), though this area of research has not been adequately explored. Only small amounts of the animal-based proteolytic enzymes, trypsin and chymotrypsin are found in the diet; however, the pancreas can synthesize these enzymes. The plant-based proteolytic enzyme bromelain comes from the stems of pineapples and is useful in many conditions. Papain comes from unripe papayas.</p>	<p>Each Tablet Contains:</p> <table border="1" data-bbox="833 1388 1435 1507"> <tr> <td>Papain</td> <td>64.8 mg</td> </tr> <tr> <td>Pepsin</td> <td>32.4 mg</td> </tr> <tr> <td>Bile Salts</td> <td>64.8 mg</td> </tr> <tr> <td>Pancreatin</td> <td>11.4 mg</td> </tr> <tr> <td>Betaine Hydrochloride</td> <td>105.3 mg</td> </tr> </table> <p>Suggested Use Take 1 or 2 tablets daily with or after meals as an aid to digestion. DIGESTIVE VEGETARIAN	Product # 1312	60 capsules 375 mg																																		
<p>Now with Protease IV and V The strongest activity Plant Digestive Enzymes Each 500 mg capsule contains 375 mg of fast acting Plant Enzymes supplying live food enzymes for digestion. In a base of 125 mg of sprouted organic kamut spelt and rye supplying additional Amylase, Lipase, and Protease. Our Plant enzymes enjoy four major benefits over enzymes derived from the pancreas of animals. Obviously, they are suitable for vegetarians. Secondly, they are active over a broader range of foods than animal derived enzymes. Thirdly, they begin their work earlier in the digestive process than animal enzymes. Plant enzymes begin working in the stomach; animal enzymes begin working only later, in the intestines. So plant enzymes spare the body a lot of work by predigesting food before it is exposed to your body's own pancreatic enzymes. Finally, plant enzymes avoid the possible risk inherent in animal derived enzymes that your body will recognize them as its own pancreatic enzymes and diminish its own production.</p>	<p>Product # 1313 120 capsules 375 mg</p> <p>Ingredients Per Capsule: Digestive properties are marked in parenthesis (...)</p> <table border="1" data-bbox="829 783 1437 1213"> <tr> <td>Protease I (all proteins)</td> <td>41,437 HUT</td> </tr> <tr> <td>Protease II (all proteins)</td> <td>4,500 PC</td> </tr> <tr> <td>Protease III (all proteins)</td> <td>57 SAP</td> </tr> <tr> <td>Protease IV (all proteins)</td> <td>66,700 PU</td> </tr> <tr> <td>Protease V (all proteins)</td> <td>76,650 PU</td> </tr> <tr> <td>Papain</td> <td>300,000 PU</td> </tr> <tr> <td>Amylase (all carbohydrates)</td> <td>11,812 DU</td> </tr> <tr> <td>Lactase (milk, sugars)</td> <td>544 LACU</td> </tr> <tr> <td>Lipase (all fats & oils)</td> <td>2000 LU</td> </tr> <tr> <td>Cellulase (all fibres)</td> <td>169 CU</td> </tr> <tr> <td>Alpha Galactosidase (beans & legumes)</td> <td>19 GALU</td> </tr> <tr> <td>Maltase (all grains)</td> <td>57 DP</td> </tr> <tr> <td>Peptizyme SP (peptides from protein)</td> <td>187 SP</td> </tr> <tr> <td>Invertase (sugar)</td> <td>37 INVU</td> </tr> <tr> <td>Pectinase (pectins)</td> <td>28 ENDOPGU</td> </tr> <tr> <td>Glucosylase (starch)</td> <td>17 AGU</td> </tr> <tr> <td>Bromelain (protein)</td> <td>7,500 FCC</td> </tr> </table> <p>Suggested Use Take 1 capsule at the beginning of the meal. DMG	Product # 1010	100 capsules 125 mg																																		
<p>In addition to aiding in cellular respiration DMG, although the research is limited, indicates it may be beneficial to those who suffer from autism. n extracted apricot kernels and later was obtained in crystalline form from rice bran, rice polish, whole-grain cereals, brewer's yeast, steer blood, and horse liver. Pangamic acid promotes oxidation processes and cell respiration, and stimulates glucose oxidation. The main action of pangamic acid is its ability to eliminate the phenomenon of hypoxia, an insufficient supply of oxygen in living tissue. Pangamic acid is essential in promoting protein metabolism, particularly in the muscles of the heart. It regulates fat and sugar metabolism, which partly accounts for its effects on atherosclerosis and diabetes. Little is known about the absorption and storage of pangamic acid, but excessive amounts are excreted through the kidneys, bowels and in perspiration. A deficiency of pangamic acid may cause diminished oxygenation of cells, heart disease, and</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="829 1417 1437 1444"> <tr> <td>DMG (N, N-Di-Methylglycine)</td> <td>125 mg</td> </tr> </table> <p>Suggested Use Take 1 to 3 capsules daily with meals or as directed by your health professional.</p>		DMG (N, N-Di-Methylglycine)	125 mg

DONG QUAI	Product # 428	100 capsules 500 mg										
<p>A premium botanical of superior quality. Dong Quai is used to prevent menstrual symptoms (amenorrhea, dysmenorrhea, PMS). It is a good uterine tonic (menstrual cramps) and is used to treat menopausal symptoms, anemia, low immunity, tiredness, poor vitality, debility, poor peripheral blood flow (intermittent claudication), to lower blood pressure, to threat atherosclerosis and high cholesterol. Dong Quai can also relieve pain and swelling. It tones and protects the liver against toxins and stimulates liver metabolism. It is a good anti-inflammatory, an analgesic, a sedative, an antispasmodic and an immuno-stimulator. It is a blood tonic that promotes production and circulation. It is therefore used in treating anemia, boils, headache, venous problems, low immunity, and peripheral blood flow problems.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="831 690 1437 741"> <tr> <td>Dong Quai (Angelica Sinensis) (powdered root)</td> <td style="text-align: right;">500 mg</td> </tr> </table> <p>Suggested Use Take 1 or 2 capsules twice a day.</p>		Dong Quai (Angelica Sinensis) (powdered root)	500 mg

EGCG	Product # 1146	60 capsules																																
<p>EGCG is more than a green tea extract. It helps combine extreme anti-oxidants originating from a range of pigments for maximal health. EGCG offers the benefit of the pigments and anti-oxidants found in tomatoes, fish, Green Tea, wine and peppers. EGCG (epigallocatechin gallate) is the primary phenol in Green Tea. Its antioxidant value is several times that of vitamin c or vitamin E. Preliminary research indicates it presents a benefit in aiding apoptosis (programmed cell death) and limiting oxidation.</p>	<p>Each Capsule Contains:</p> <table border="1"> <tr><td data-bbox="828 753 1133 779">Green Tea Extract</td><td data-bbox="1133 753 1438 779">500 mg</td></tr> <tr><td data-bbox="828 779 1133 804">EGCG 75%</td><td data-bbox="1133 779 1438 804">375 mg</td></tr> <tr><td data-bbox="828 804 1133 829">Polyphenols 99%</td><td data-bbox="1133 804 1438 829">495 mg</td></tr> <tr><td data-bbox="828 829 1133 854">Catechins 90%</td><td data-bbox="1133 829 1438 854">450 mg</td></tr> <tr><td data-bbox="828 854 1133 879">Curcumin 95%</td><td data-bbox="1133 854 1438 879">100 mg</td></tr> <tr><td data-bbox="828 879 1133 905">N-Acetyl-Cysteine</td><td data-bbox="1133 879 1438 905">60 mg</td></tr> <tr><td data-bbox="828 905 1133 930">Resversatrol 50%</td><td data-bbox="1133 905 1438 930">50 mg</td></tr> <tr><td data-bbox="828 930 1133 955">Lycopene 10%</td><td data-bbox="1133 930 1438 955">30 mg</td></tr> <tr><td data-bbox="828 955 1133 980">Cayenne 40,000 heat units</td><td data-bbox="1133 955 1438 980">25 mg</td></tr> <tr><td data-bbox="828 980 1133 1005">Zeaxanthin 20%</td><td data-bbox="1133 980 1438 1005">20 mg</td></tr> <tr><td data-bbox="828 1005 1133 1031">Astaxanthin 1.5%</td><td data-bbox="1133 1005 1438 1031">20 mg</td></tr> <tr><td data-bbox="828 1031 1133 1056">Black pepper extract 95% piperine</td><td data-bbox="1133 1031 1438 1056">2 mg</td></tr> </table> <p>Suggested Use Take 1 capsule daily, or as directed by your Health Care Practitioner. EGCG – CHEMO	Product # 1306	60 capsules																																
<p>This product has a similar formula to that of EGCG. The difference is that we have removed the isolate curcumin 95% as it may interfere with chemotherapy treatments. EGCG (1146) should be used before and only 30 days after treatment. EGCG-CHEMO can be used during treatment and will help the body cope with the common side effects related to these treatments. The green tea has a special therapeutic charge of 75% epigallocatechin gallate (EGCG) – a powerful polyphenol that helps fight disease. This isolate in green tea has been proven to be effective in preventing breast, lung, mouth, stomach and prostate diseases by preventing cells from becoming sick, inhibiting growth of damaged cells and attacking or inducing death in diseased cells. An estimated 153,100 new cases of cancer occur in Canada every year. On average, 1,353 Canadians die of cancer every week.</p>	<p>Each Capsule Contains:</p> <table border="1"> <tr><td data-bbox="828 1215 1133 1241">Green Tea Extract</td><td data-bbox="1133 1215 1438 1241">500 mg</td></tr> <tr><td data-bbox="828 1241 1133 1266">EGCG 75%</td><td data-bbox="1133 1241 1438 1266">375 mg</td></tr> <tr><td data-bbox="828 1266 1133 1291">Polyphenols 99%</td><td data-bbox="1133 1266 1438 1291">495 mg</td></tr> <tr><td data-bbox="828 1291 1133 1316">Catechins 90%</td><td data-bbox="1133 1291 1438 1316">450 mg</td></tr> <tr><td data-bbox="828 1316 1133 1341">N-Acetyl-Cysteine</td><td data-bbox="1133 1316 1438 1341">60 mg</td></tr> <tr><td data-bbox="828 1341 1133 1367">Resversatrol 50%</td><td data-bbox="1133 1341 1438 1367">50 mg</td></tr> <tr><td data-bbox="828 1367 1133 1392">Lycopene 10%</td><td data-bbox="1133 1367 1438 1392">30 mg</td></tr> <tr><td data-bbox="828 1392 1133 1417">Orange phytonutrients</td><td data-bbox="1133 1392 1438 1417">30 mg</td></tr> <tr><td data-bbox="828 1417 1133 1442">Cayenne 40,000 heat units</td><td data-bbox="1133 1417 1438 1442">25 mg</td></tr> <tr><td data-bbox="828 1442 1133 1467">Zeaxanthin 20%</td><td data-bbox="1133 1442 1438 1467">20 mg</td></tr> <tr><td data-bbox="828 1467 1133 1493">Astaxanthin 1.5%</td><td data-bbox="1133 1467 1438 1493">20 mg</td></tr> <tr><td data-bbox="828 1493 1133 1518">Grapeseed extract</td><td data-bbox="1133 1493 1438 1518"></td></tr> <tr><td data-bbox="828 1518 1133 1543">Proanthocyanidins 95%</td><td data-bbox="1133 1518 1438 1543">20 mg</td></tr> <tr><td data-bbox="828 1543 1133 1568">Multi-anthocyanidins 20%</td><td data-bbox="1133 1543 1438 1568">20 mg</td></tr> <tr><td data-bbox="828 1568 1133 1593">Black pepper extract 95% piperine</td><td data-bbox="1133 1568 1438 1593">2 mg</td></tr> <tr><td data-bbox="828 1593 1133 1619">Selenium ascorbate</td><td data-bbox="1133 1593 1438 1619">0.03 mg</td></tr> </table> <p>Suggested Use Take 1 capsule daily, or as directed by your Health Care Practitioner. EVENING PRIMROSE OIL CERTIFIED ORGANIC	Product # 123	90 softgels 500 mg																		
<p>10% GLA, Supercritically Extracted, Essential Fatty Acid 100% Solvent Free Supercritically Extracted Evening Primrose is native to North America. Originally used for the treatment of asthma, stomach and digestive disorders and bruises, there is renewed interest in the herb because of the oil in this plant. Approximately 70% of the oil is cis-linoleic acid, and as much as 9% cis-gamma-linolenic acid (GLA). The oil also contains campesterol and beta-sitosterol. Gamma linolenic acid (GLA) is an essential polyunsaturated fatty acid that the body converts to a hormone-like substance called prostaglandin E1 (PGE1). PGE1 has anti-inflammatory properties and may also act as a blood thinner and blood vessel dilator. The anti-inflammatory properties of EPO have been studied in double blind research with people suffering from rheumatoid arthritis. Some, but not all, studies have reported that EPO supplementation provides significant benefits to these people. GLA, the primary active ingredient in EPO, has anticancer activity in test tube experiments. Primrose Oil has been used to treat the symptoms associated with premenstrual syndrome: irritability, headaches, breast tenderness and bloating. It has also been helpful in the treatment of eczema. There are claims that increased doses help rheumatoid arthritis and slow the progression of multiple sclerosis.</p>	<p>Each Softgel Contains:</p> <table border="1" data-bbox="833 302 1435 506"> <tr> <td>Certified organic Evening Primrose Oil</td> <td>500 mg</td> </tr> <tr> <td>Contains not less than 10% GLA Gamma Linolenic Acid (GLA) (10%) * E.F.A..</td> <td>50 mg</td> </tr> <tr> <td>Oleic Acid</td> <td>53 mg</td> </tr> <tr> <td>Linoleic Acid (LA)</td> <td>353 mg</td> </tr> <tr> <td>Vitamin E certified non-GMO (D Alpha Tocopherol)</td> <td>15 i.u.</td> </tr> </table> <p>* Essential fatty acid</p> <p>Suggested Use As a dietary supplement of important fatty acids, take 1 or 2 softgels after every meal.</p> <p>NPN#: 80009098</p>		Certified organic Evening Primrose Oil	500 mg	Contains not less than 10% GLA Gamma Linolenic Acid (GLA) (10%) * E.F.A..	50 mg	Oleic Acid	53 mg	Linoleic Acid (LA)	353 mg	Vitamin E certified non-GMO (D Alpha Tocopherol)	15 i.u.

FEMFLORA	Product # 1066	10 capsules																		
<p>8 Billion Strength FemFlora is a natural way to cope with candida overgrowth. A select probiotic strain eliminates infection at the site. FemFlora kills both fungal (yeast) and bacterial (vaginitis) infections. It works by addressing the underlying PH conditions which cause Candida and bacteria to flourish.</p>	<p>Each Capsule Contains: Concentration of probiotic for vaginal use. 8 billion live active cells, from a blend of L. Rhamnosus B, L. Acidophilus, S. Thermophilus and L. Bulgaricus.</p> <p>Suggested Use At bedtime, introduce one capsule deep in the vagina. One capsule nightly for 10 consecutive nights.</p>																			

FENNEL SEED	Product # 731	100 capsules 480 mg										
<p>Fennel seed is an excellent digestive aid, and are especially effective against intestinal gas. The volatile oils that are found in this herb absorb intestinal gas. They stimulate digestion promoting the functions of the spleen, liver and kidneys, and the secretion of bile. They normalize gastrointestinal activity maintaining tone in the gastrointestinal tract. They relieve intestinal spasms and bloating due to gas. They are used for heartburn and indigestion. They work both in adults and children, especially to prevent and relieve colic in children. Recent studies show that fennel has an antifungal, antibacterial and anti-yeast activity against many pathogenic organisms.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="834 268 1438 296"> <tr> <td><i>Foeniculum vulgare</i> (Sweet Fennel)</td> <td>480 mg</td> </tr> </table> <p>Suggested Use Adult: Take 1 capsule three times daily or as directed by your health care practitioner. FENU-THYME	Product # 729	100 capsules 450 mg										
<p>Fenugreek is rich in steroids saponins, the active principal is an alkaloid called trigonelline, it contains biotin, choline, B complex vitamins, vitamin A, C and D, inositol, iron, volatile oils, PABA, lecithin and mucilage. Fenugreek has anti- inflammatory, heat-clearing and mucilaginous properties. It is well-known to be very helpful on lung disorders and inflammation. It is considered a good restorative. It reduces mucus, helping asthma and sinus problems. It also reduces fever and lowers cholesterol. For being a saponin containing plant fiber, it may inhibit the intestinal absorption of cholesterol by binding with bile acids. It lubricates the intestine and acts as a bulk laxative. Thyme contains essential oils, thiamine, tannins, thyme oil, thymol, trace minerals, borneol, cavacrol, fluorine, B complex, and vitamins C and D. The content of thymol gives this herb desinfectant and anti- inflammatory properties. It is a good expectorant and antiseptic. It has been used for coughs, bronchitis, colds, flu, sore throat, sinusitis and asthma. It is of benefit for chest infections and very useful for thick, infected phlegm and dry coughs. It produces sweating reducing fever and alleviates headaches. It eliminates gas and lowers cholesterol.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="834 751 1438 779"> <tr> <td>Fenugreek and Thyme.</td> <td>450 mg</td> </tr> </table> <p>Suggested Use Take 2 capsules two to five times daily with meals or as directed by your health professional.</p>		Fenugreek and Thyme.	450 mg

FLAX SEED OIL CERTIFIED ORGANIC	Product # 491	180 softgels 1000 mg										
<p>Cold pressed, Omega 3 Our flax is obtained from certified organically grown flaxseeds. It is extracted by expeller pressing at temperatures less than 100 F without the use of solvents, such as hexane. The oil is protected during the extraction process from the damaging effects of heat, light and oxygen. Flaxseed Oil contains 20% flax particulates with 11 mg of lignans per tablespoon, the highest source of Omega-3 available. Current research indicates that lignans have important nutritive and preventive properties. Flaxseed oil also slows the aging process, shields the skin from wrinkling, boosts production of new skin, hair and nails. Studies have also shown that flax lowers risks of breast and colon cancer, restores proper metabolic function, and enables the body to excrete fat and toxins that are trapped in tissues.</p>	<p>Each Softgel Contains:</p> <table border="1" data-bbox="834 1453 1438 1614"> <tr> <td>Certified Organic Flax Seed Oil 100% Pure cold pressed</td> <td>1000 mg</td> </tr> <tr> <td colspan="2">Supplying the following:</td> </tr> <tr> <td>Linolenic Acid (ALA) Omega 3 fatty acids</td> <td>550 mg</td> </tr> <tr> <td>Linoleic Acid (LA)</td> <td>174 mg</td> </tr> <tr> <td>Oleic Acid</td> <td>184 mg</td> </tr> </table> <p>Suggested Use Take 2 softgels, 2 to 4 times a day or as directed by your health professional.</p> <p>NPN# 80015257</p>		Certified Organic Flax Seed Oil 100% Pure cold pressed	1000 mg	Supplying the following:		Linolenic Acid (ALA) Omega 3 fatty acids	550 mg	Linoleic Acid (LA)	174 mg	Oleic Acid	184 mg

GERMANIUM ORGANIC	Product # 763	50 capsules 50 mg						
<p>This oxygen-rich organic form of the semi-conducting trace mineral germanium, 100% pure Bis beta carbonoxyethyl germanium, is manufactured under strict processing protocols developed in Japan. Each batch is assayed for composition and purity to ensure the highest grade material available. Warranted free of potentially toxic germanium dioxide and acrylonitrile, selected batches are additionally subjected to the highly sensitive magnetic resonance imaging technique.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="834 879 1435 930"> <tr> <td>Organic germanium GE-132 (germanium sesquioxide)</td> <td>50 mg</td> </tr> </table> <p>Suggested Use Take 1 or 2 capsules daily, or as directed by your health professional.</p>		Organic germanium GE-132 (germanium sesquioxide)	50 mg

GLUCOSAMINE SULFATE	Product # 429 Product # 734	60 capsules 500 mg 60 capsules 1000 mg																				
<p>**SODIUM FREE!** Glucosamine Sulfate is one of the building blocks of proteoglycans, the ground substance of articular cartilage. Glucosamine Sulfate is also the preferred substitute and a stimulant of proteoglycan biosynthesis inhibiting degradation of proteoglycans and rebuilding damaged cartilage. Much of the research on Glucosamine Sulfate has happened over the last ten years. In the studies, Glucosamine Sulfate proved highly effective in reducing the symptoms of osteoarthritis. Glucosamine Sulfate was shown to be significantly superior in relieving pain, joint tenderness and swelling. Glucosamine Sulfate is virtually free of side effects and there are no known contraindications to its use.</p>	<p>Ingredient Per Capsule:</p> <table border="1" data-bbox="833 1499 1435 1528"> <tr> <td>Glucosamine sulfate</td> <td>500 mg and 1000 mg</td> </tr> </table> <p>Suggested Use Take 1 capsule 3 times daily.</p> <p>NPN#: 80010448 (429)</p>		Glucosamine sulfate	500 mg and 1000 mg

GLUTAMIC ACID	Product # 383	100 capsules 500 mg		
<p>Like aspartic acid, glutamic acid has an acidic carboxyl group on its side chain, which can serve as both an acceptor and a donor of ammonia, a compound toxic to the body. Once glutamic acid has coupled with ammonia, it is called glutamine and can as such safely transport ammonia to the liver, where the ammonia is eventually converted to urea for excretion by the kidneys. Free glutamic acid (not incorporated into proteins) can also be converted reversibly to ketoglutaric acid, an intermediate in the Krebs cycle, and as such can be degraded to carbon dioxide and water, or transformed into sugars. The acidic side chain of glutamic acid confers one negative charge under most conditions to proteins in which this amino acid is found, thus increasing the water solubility of the protein.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="834 268 1438 296"> <tr> <td>Glutamic Acid</td> <td>500 mg</td> </tr> </table> <p>Suggested Use Take 3 to 6 capsules daily with meals or as directed by your health care practitioner.</p>		Glutamic Acid	500 mg

GOTU KOLA ORGANIC	Product # 307	100 capsules 500 mg		
<p>Gotu Kola stimulates the central nervous system, aids in the elimination of excess fluids, shrinks tissues, decreases fatigue and depression, and increases sex drive. It is used for rheumatism, blood diseases, mental disorders, high blood pressure and congestive heart failure. Gotu Kola is an alternative to sore throat, measles, tonsillitis, hepatitis, venereal diseases and urinary tract infections. In Ayurveda, it is considered the prime nervine tonic and is used to treat insomnia, stress, nervous ness, disturbed emotions, and many nervous system disorders. It promotes mental calm and clarity and assists in the practice of yoga and meditation. It possesses tonic properties and acts as a diuretic. It may neutralize blood acids and lower body temperature. It is also good for liver and heart function.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="834 1312 1438 1339"> <tr> <td>Gotu Kola</td> <td>500 mg</td> </tr> </table> <p>Suggested Use Adult: Take 3 capsules 2 times daily or as directed by your health care practitioner.</p> <p>NPN# 80022785</p>		Gotu Kola	500 mg

GRAPEFRUIT SEED EXTRACT	Product # 459	90 capsules 405 mg																				
<p>Anti-Parasite Grapefruit Seed Extract (GSE) contains mainly polyphenolic compounds, including quercetin, helperidin, campherol glycoside, neohelperidin, naringin, apigenin, rutinoid, poncirin, etc. The polyphenols themselves are unstable but are chemically converted into more stable substances that belong to a diverse class of products called quaternary ammonium compounds. Some quaternary compounds, benzethonium chloride and benzalkonium chloride, for example, are used industrially as antimicrobials, but are toxic to animal life. The B vitamin choline is also a quaternary compound, but is non-toxic and even essential for maintaining healthy neurological function and fat metabolism.</p>	<p data-bbox="834 999 1437 1020">Each Capsule Contains:</p> <table border="1" data-bbox="834 1020 1437 1089"> <tbody> <tr> <td data-bbox="834 1020 1138 1047">Grapefruit Seed extract</td> <td data-bbox="1138 1020 1437 1047">84 mg</td> </tr> <tr> <td data-bbox="834 1047 1138 1075">Echinacea Angustifolia root organic</td> <td data-bbox="1138 1047 1437 1075">161 mg</td> </tr> <tr> <td data-bbox="834 1075 1138 1089">Artemisia Absinthium</td> <td data-bbox="1138 1075 1437 1089">161 mg</td> </tr> </tbody> </table> <p data-bbox="834 1110 1437 1157">Suggested Use Take 1 capsule, 1 to 3 times daily, with or without meals.</p>		Grapefruit Seed extract	84 mg	Echinacea Angustifolia root organic	161 mg	Artemisia Absinthium	161 mg

GUGGLE 2.5%	Product # 443	120 capsules 800 mg																																				
<p>Proven to reduce cholesterol For centuries, guggul has been used extensively by Ayurvedic physicians to treat a variety of afflictions, including arthritis, inflammation, bone fractures, obesity, and disorders of lipid metabolism. Guggul has been shown to be a useful adjunct to dietary modification in hypercholesterolemic patients. Treatment was with guggulipid at a level supplying 100 mg of guggulsterones daily for six months. In addition to a fruit and vegetable enriched diet resulted in an 11.7% reduction in total cholesterol, 12.5% reduction in LDL cholesterol, 12.0% reduction in triglycerides, and 11.1% reduction in the total cholesterol/high density lipoprotein cholesterol ratio in 61 patients.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="834 972 1437 1016"> <tr> <td>Guggul 2.5% standardized guggulsterone</td> <td>800 mg</td> </tr> </table> <p>Suggested Use Take 1 capsule daily or as directed by your health professional.</p>		Guggul 2.5% standardized guggulsterone	800 mg

HAIR	Product # 1613	30 softgels																																				
<p>The botanical backbone of Vitazan's Hair are the therapeutic amounts of certified organic saw palmetto and flax seed lignans. These specialized nutrients are recognized to be effective in the treatment of pattern baldness (hereditary androgenic alopecia) and thinning hair. Compounds present in our product Hair can block the enzyme 5-alpha reductase from converting testosterone to dihydrotestosterone. Excess production of dihydrotestosterone is considered a key contributing factor for the onset and progression of androgenic alopecia (pattern baldness). Over time an abundance of dihydrotestosterone can cause hair follicles to decay, and gradually shrink in size until they are only capable of producing finer hairs that are barely visible</p>	<p>Each softgel Contains:</p> <table border="1" data-bbox="834 1444 1437 1896"> <tr><td>Certified organic pumpkin seed oil</td><td>400 mg</td></tr> <tr><td>L-Taurine</td><td>240 mg</td></tr> <tr><td>Wild crafted saw palmetto</td><td>185 mg</td></tr> <tr><td>Horsetail 7% silica</td><td>150 mg</td></tr> <tr><td>Certified organic Evening primrose oil 10% GLA</td><td>100 mg</td></tr> <tr><td>Wild fish oil 40% EPA/20% DHA</td><td>50 mg</td></tr> <tr><td>Flax seed lignans 30% SDG</td><td>50 mg</td></tr> <tr><td>Stinging nettle 1% silicic acid</td><td>50 mg</td></tr> <tr><td>Grape seed extract 95% OPC</td><td>35 mg</td></tr> <tr><td>Green tea extract 75% EGCG</td><td>35 mg</td></tr> <tr><td>Vitamin B3 (niacinamide)</td><td>8 mg</td></tr> <tr><td>Vitamin B5 (calcium pantothenate)</td><td>8 mg</td></tr> <tr><td>Vitamin B2 (riboflavin 5-phosphate)</td><td>2 mg</td></tr> <tr><td>Vitamin B6 (pyridoxine HCL)</td><td>2 mg</td></tr> <tr><td>Biotin</td><td>150 mcg</td></tr> <tr><td>Folic acid</td><td>50 mcg</td></tr> <tr><td>Vitamin B12 (methylcobalimin)</td><td>25mcg</td></tr> <tr><td>Vitamin D3</td><td>12.5 mcg</td></tr> </table>		Certified organic pumpkin seed oil	400 mg	L-Taurine	240 mg	Wild crafted saw palmetto	185 mg	Horsetail 7% silica	150 mg	Certified organic Evening primrose oil 10% GLA	100 mg	Wild fish oil 40% EPA/20% DHA	50 mg	Flax seed lignans 30% SDG	50 mg	Stinging nettle 1% silicic acid	50 mg	Grape seed extract 95% OPC	35 mg	Green tea extract 75% EGCG	35 mg	Vitamin B3 (niacinamide)	8 mg	Vitamin B5 (calcium pantothenate)	8 mg	Vitamin B2 (riboflavin 5-phosphate)	2 mg	Vitamin B6 (pyridoxine HCL)	2 mg	Biotin	150 mcg	Folic acid	50 mcg	Vitamin B12 (methylcobalimin)	25mcg	Vitamin D3	12.5 mcg

HAWTHORN BERRY	Product # 262	100 capsules 500 mg																						
Hawthorn berries are rich in flavonoids which have been shown to dilate peripheral and coronary blood vessels. The herb has also been shown to act as a cardiogenic, restoring both high and low blood pressure to normal. Hawthorn has been used in treating irregular heartbeats, spasms of the arteries and certain nervous disorders, such as insomnia. Hawthorn is used for cardiogenic, angina, irregular heartbeats, spasms in the arteries, high and low blood pressure, old age, vascular problems, hypertension, nervous disorders, insomnia, coronary artery, perfusion disorders and rhythmic disturbances of the heart.	Each Capsule Contains: <table border="1"> <tr> <td>(<i>Crataegus monogyna</i>) Hawthorn berry</td> <td>500 mg</td> </tr> </table> Suggested Use Take 1 or 2 capsules twice daily with meals or as directed by your health professional. Use for a minimum of two months to see beneficial effects. NPN#: 80021148		(<i>Crataegus monogyna</i>) Hawthorn berry	500 mg

HORNY GOAT WEED	Product # 437	60 capsules 500 mg																						
Horny Goat Weed's aphrodisiac effects have been verified in both animal and human research. Mice treated with a Horny Goat Weed preparation produced "apparent effects on the improvement of sexuality". It was also shown to improve their sperm producing capability. Since Horny Goat Weed has been traditionally used for kidney disease, it is intriguing how it demonstrated an increase in the sexual drive and quality of life for patients with chronic renal failure.	Each Capsule Contains: <table border="1"> <tr> <td>Horny goat weed (standardized 20% icariin) (epimedium grandiflorum)</td> <td>500 mg</td> </tr> </table> Suggested Use Take 2 capsules daily with a meal. For a more immediate effect, take 3 to 4 capsules 90 minutes before activity, or as directed by your health care practitioner. INFLA-HEAL PLUS	Product # 1246	180 tablets																										
<p>*Great results from this classic anti-inflammatory formula* Enteric Coated Global research conducted on the ingredients in INFLA Plus has been known to alleviate the following conditions: Arthritis, tendinitis, joint damage, bursitis, sport impact injuries; Muscle aches, bruises, sprains, swelling, tightness, and injuries; Wound healing, surgery recovery, burns, cuts, thrombophlebitis, hematomas. In earlier years on enzymology, it was thought that oral ingestion of enzymes was not beneficial, due to lack of assimilation through the stomach. With today's modern testing and chromatographic analysis equipment, it has been established that the type of enzymes used in INFLA are absorbed in substantial quantities and are transported in the blood to the swollen tissue areas where they hinder inflammation production. Vitazan suggests INFLA to help the body control inflammation problems that, left unattended, may lead to chronic life-threatening diseases.</p>	<p>Each Tablet Contains:</p> <table border="1" data-bbox="836 991 1437 1285"> <tr><td>Serratiopeptidase</td><td>12,000 A.U</td></tr> <tr><td>Pancreatin concentrate (200 mg 4X)</td><td>800 mg</td></tr> <tr><td>Bromelain (2000 GDU/gm)</td><td>125 mg</td></tr> <tr><td>Papain (2000 USP)</td><td>120 mg</td></tr> <tr><td>Trypsin (1:150)</td><td>120 mg</td></tr> <tr><td>Rutin (Eucalyptus)</td><td>85 mg</td></tr> <tr><td>Lipase</td><td>35 mg</td></tr> <tr><td>Amylase</td><td>35 mg</td></tr> <tr><td>L-Cysteine</td><td>10 mg</td></tr> <tr><td>Zinc (Gluconate)</td><td>2.6 mg</td></tr> <tr><td>Chymotrypsin</td><td>17 mg</td></tr> <tr><td>Superoxide dismutase</td><td>100 I.U.</td></tr> <tr><td>Catalase</td><td>50 I.U</td></tr> </table> <p>Suggested Use Take 3 to 6 tablets three times daily, or as directed by your health care practitioner.</p>		Serratiopeptidase	12,000 A.U	Pancreatin concentrate (200 mg 4X)	800 mg	Bromelain (2000 GDU/gm)	125 mg	Papain (2000 USP)	120 mg	Trypsin (1:150)	120 mg	Rutin (Eucalyptus)	85 mg	Lipase	35 mg	Amylase	35 mg	L-Cysteine	10 mg	Zinc (Gluconate)	2.6 mg	Chymotrypsin	17 mg	Superoxide dismutase	100 I.U. JOINT-LIGA	Product # 733	60 capsules 916 mg																										
<p>Joint-LIGA is a combination blend of three very well known cartilage protective agents. These three substances have been shown to assist in the repair and good health of the cartilage and joints. As of yet, there are no structure-modifying drugs that are able to alter the joint structure favourably, preventing the progression of osteoarthritis. These are: Glucosamine Sulfate, Shark Cartilage and Chondroitin Sulfate. Studies have confirmed the beneficial effects of these three components in the repair of joints and cartilage. They also prevent damage to connective tissue and are considered of benefit to people suffering from rheumatoid arthritis, osteoarthritis.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="836 1575 1437 1669"> <tr><td>Glucosamine Sulfate (Sodium Free)</td><td>500 mg</td></tr> <tr><td>Chondroitin Sulfate (90% by HPLC)</td><td>166 mg</td></tr> <tr><td>Shark Cartilage</td><td>250 mg</td></tr> </table> <p>Suggested Use Take 1 capsule three times daily with water or as directed by your health care practitioner.</p>		Glucosamine Sulfate (Sodium Free)	500 mg	Chondroitin Sulfate (90% by HPLC)	166 mg	Shark Cartilage	250 mg

KELP		Product # 322	100 tablets 225 mg												
<p>Kelp is a general nutritive tonic to the blood. It is a very important component in cleansing programs since it is able to prevent different pollutants in the gastrointestinal tract from being absorbed into the body. It also helps to fight infections. Kelp is reported to have a positive effect upon the sensory nerves, brain tissue, membranes surrounding the brain, and spinal cord. It is used for hair loss, goiter, ulcers and obesity. It is known also to be of benefit against the effects of radiation. It is good for those with a mineral deficiency and for stimulating the metabolism, for calcium retention and blood purification.</p>		<p>Each Tablet Contains:</p> <table border="1"> <tr> <td>Kelp pacific</td> <td style="text-align: right;">225 mg</td> </tr> <tr> <td>Supplying: Iodine</td> <td style="text-align: right;">225 mcg</td> </tr> </table> <p>Suggested Use Take 1 tablet three times daily with meals or as directed by your health care practitioner.</p>		Kelp pacific	225 mg	Supplying: Iodine	225 mcg

KID-NY		Product # 498	100 tablets												
<p>KID-NY Formula is a combination that cleanses and restores the renal system and is useful for clearing congestion in the prostate gland. It is a general tonic for the kidneys. Uva Ursi contains an active ingredient called arbutin which has a very important diuretic and antiseptic action, thus aiding to rid the urinary tract of infection. Uva Ursi helps to clean the kidneys and bladder, and is considered excellent in dissolving kidney sediment such as sand, gravel and even stones. Juniper Berry is a urinary antiseptic and a good diuretic. It is soothing to the kidneys. Buchu is an excellent diuretic. It acts directly in the kidney increasing the fluids and solids of the urine. It is very useful in treating painful and burning urination, helping and soothing any infection of the genito-urinary system. Parsley is a mild and soothing diuretic. The presence of apiol and others flavonoids will stimulate urination and provide relief when urination is painful and incomplete. It is high in vitamin A and C. Ginger is used here to stimulate peripheral circulation and relieve abdominal cramping. ***As Uva Ursi is most effective in alkaline urine, it is suggested that an alkaline diet be followed when using this herbal formula.</p>		<p>Each Tablet Contains:</p> <table border="1"> <tr> <td>Uva Ursi Leaves</td> <td style="text-align: right;">345 mg</td> </tr> <tr> <td>Buchu Leaves</td> <td style="text-align: right;">57 mg</td> </tr> <tr> <td>Parsley Leaves</td> <td style="text-align: right;">57 mg</td> </tr> <tr> <td>Ginger Roots</td> <td style="text-align: right;">57 mg</td> </tr> <tr> <td>Althea Roots</td> <td style="text-align: right;">57 mg</td> </tr> <tr> <td>Juniper Berries</td> <td style="text-align: right;">12 mg</td> </tr> </table> <p>Suggested Use Take 1 tablet or more as desired, at mealtime with water, or as directed by your Health Care Practitioner.</p>		Uva Ursi Leaves	345 mg	Buchu Leaves	57 mg	Parsley Leaves	57 mg	Ginger Roots	57 mg	Althea Roots	57 mg	Juniper Berries	12 mg

LBT PLUS		Product # 1021	100 capsules												
<p>This formula benefits the colon and the digestive tract. It has a cleansing, laxative effect but at the same time strengthens the colon, increasing muscle tone and flexibility of the intestinal walls. LBT PLUS can be taken for longer periods of time, for long-term therapeutic use where the colon needs more complete toning, i.e. 3-7 months.</p>		<p>Each Tablet Contains: Buckthorn Bark, Cascara Sagrada, Cayenne (Capsicum), Fennel Seed, Golden Seal Root, Rhubarb Root, Red Raspberry Leaves, Barberry Bark, Licorice and Chamomile.</p> <p>Suggested Use Take 1 or more capsules as desired, at mealtime with water or as directed by your Health Care Practitioner.</p>													

L-CYSTEINE	Product # 448	50 capsules 500 mg				
<p>L-Cysteine is one of the nine essential amino acids which are necessary for balanced nutrition and good health. L-Cysteine may be used to: Help with skin health; Stop hair loss and aid hair growth; Aid wound healing from injuries, burns, or surgery; Help protect us from the adverse effects of alcohol consumption, cigarette smoking, and other chemicals; Support the liver when there are liver disorders; Enhance absorption of iron; Ameliorate chemical sensitivity reactions; Promote the production of red and white blood cells; Support cartilage (as a precursor to chondroitin sulfate)</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="834 264 1437 296"> <tr> <td>L-Cysteine</td> <td>500 mg</td> </tr> </table> <p>Suggested Use Adult: take one capsule daily with meal or as directed by your health care practitioner.</p>		L-Cysteine	500 mg		
L-Cysteine	500 mg					
L-GLUTAMINE	Product # 451 Product # 452	120 capsules 500 mg 100 g				
<p>** Muscle Recovery ** L-Glutamine is one of the nine essential amino acids which are necessary for balanced nutrition and good health. L-Glutamine is a neutral, genetically coded amino acid and is the most common naturally occurring amino acid found in muscle tissue. Over 61% of skeletal muscle tissue is glutamine. It decreased catabolism (The Breakdown of Muscle Tissue). Catabolism occurs when glutamine leaves the muscle causing the cells to discharge water and become dehydrated. L-Glutamine supplementation ensures that high levels of glutamine are maintained within the cells meaning no discharge of water or catabolism. Supplementation prevents glutamine depletion in muscles after workouts. Under periods of stress, including hard and intensive workouts, your body may not be able to make all of the glutamine that it requires. Studies have shown that supplementing with L-Glutamine is effective in the replacement of these declining levels.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="834 821 1437 852"> <tr> <td>L-Glutamine</td> <td>500 mg</td> </tr> </table> <p>Suggested Use Take 1 capsule daily with a meal or as directed by your health professional. LICORICE ROOT	Product # 365	100 capsules 470 mg				
<p>Licorice contains the glycoside, glycyrrhizin which has a similar structure and activity as the adrenal steroids. Licorice has an anti-inflammatory activity similar to cortisone and has been found useful for arthritis and allergies. In addition, Licorice has been used for mild Addison's disease and other adrenal insufficiencies, such as hypoglycemia. Licorice also acts like the hormone, ACTH, causing sodium retention, potassium depletion, and water retention. Excess consumption of licorice can lead to the classic symptoms of hypertension, with edema, increased blood pressure, potassium loss and muscular weakness. Licorice is used for ulcers and stomach distress, inflammatory problems, arthritis, adrenal insufficiency, Addison's disease, hypoglycemia, cirrhosis and liver damage, skin problems, rashes, dermatitis, impetigo, coughs and bronchial complaints, bacterial infections, constipation and as a female tonic.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="834 1434 1437 1465"> <tr> <td>Licorice root</td> <td>470 mg</td> </tr> </table> <p>Suggested Use Take 1 or 2 capsules twice daily with meals or as directed by your health professional.</p> <p>NPN#: 80010444</p>		Licorice root	470 mg

L-LYSINE	Product # 1024	100 capsules 500 mg		
<p>The most promising application of L-Lysine is its use in managing and preventing painful and unsightly herpes sores caused by the herpes simplex virus (HSV). L-lysine supplementation works by tilting the balance between lysine and arginine heavily in favor of lysine. This ameliorates herpes outbreaks because the herpes virus depends on the presence of arginine for its replication. Lysine has also been shown to be useful in the prevention of atherosclerosis, a hardening of the walls of arteries caused by deposits of lipoproteins (fats). Lysine may be capable of loosening and preventing such deposits, therefore keeping artery walls flexible. Thus, there is less susceptibility for hypertension (high blood pressure). Hypertension is a major factor in heart attack and stroke. Lysine supplementation increases the absorption of calcium and may reduce its excretion. As a result, some researchers believe that lysine may eventually be shown to have a role in the prevention and treatment of osteoporosis. Lysine works with other essential amino acids to maintain growth, lean body mass, and the body's store of nitrogen.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="834 268 1435 310"> <tr> <td>L-Lysine (2S)-2,6-Diaminohexanoic acid</td> <td>500 mg</td> </tr> </table> <p>Suggested Use Helps to enhance calcium absorption and retention as well as reduce the recurrence, severity and healing time of cold sores. For calcium absorption take 1 capsule a day with water, for cold sore take 1-2 capsules 3 times a day with water or as directed by your health care Practitioner. For cold sores may be used up to 6 months.</p>		L-Lysine (2S)-2,6-Diaminohexanoic acid	500 mg
L-Lysine (2S)-2,6-Diaminohexanoic acid	500 mg			
L-TAURINE	Product # 752	90 capsules 500 mg		
<p>L-Taurine is one of the nine essential amino acids which are necessary for balanced nutrition and good health. L-Taurine has antioxidant, membrane stabilization activities and may decrease insulin resistance. Taurine is also a potent antioxidant and antitoxin, and in these roles is particularly important to the liver and immune system. This amino acid L-Taurine is not as easily found in animal meat as other amino acids and it must either be synthesized by your body or taken in supplement form. L-Taurine synthesis requires L-Cysteine and vitamin B6, both of which are not always present in sufficient quantities. Deficiencies in L-Taurine can lead to Epilepsy, anxiety, hyperactivity and poor brain function.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="834 940 1435 982"> <tr> <td>2-Aminoethanesulfonic Acid (Taurine)</td> <td>500 mg</td> </tr> </table> <p>Suggested Use Take 1 capsule daily with a meal.</p> <p>NPN: 80021960</p>		2-Aminoethanesulfonic Acid (Taurine)	500 mg
2-Aminoethanesulfonic Acid (Taurine)	500 mg			
L-TYROSINE	Product # 1023	60 capsules 500 mg		
<p>L-Tyrosine is used to treat conditions such as depression or mood disorder, poor coping ability, fatigue, low sex drive, low metabolism, and drug abuse (when combined with tryptophan). It can also improve endurance under stress and is effective as an appetite suppressant. When taken properly, L-Tyrosine can assist a sluggish thyroid and aid the dieter in losing excess, unwanted pounds. L-Tyrosine is converted by skin cells into melanin, the dark pigment that protects against the harmful effects of ultraviolet light. Thyroid hormones, which have a role in almost every process in the body, also contain tyrosine as part of their structure.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="834 1390 1435 1432"> <tr> <td>L-Tyrosine (2S)-2-Amino-3-(4-Hydroxyphenyl)</td> <td>500 mg</td> </tr> </table> <p>Suggested Use Helps in the management of some forms of stress (physical, psychological, sleep deprivation, multitasking, etc.) Take orally 2 capsules per day with meal or as directed by your health care provider and consult a healthcare provider for long-term use.</p> <p>NPN# 80022562</p>		L-Tyrosine (2S)-2-Amino-3-(4-Hydroxyphenyl)	500 mg

MAGNESIUM CITRATE PLUS L-TAURINE	Product # 483	90 capsules						
<p>Magnesium Citrate is an important electrolyte that helps the absorption and movement of calcium, phosphorus, sodium and potassium in and out of the cells, which help generate nerve impulses with the help of L-Taurine. This maintains the correct composition of bile, and in maintaining the solubility of cholesterol helps proper digestion of fat-soluble vitamins to make them more bioavailable. L-Taurine helps to stabilize cell membranes and seems to have some antioxidant and detoxifying activity. This amino acid helps the nervous system to function properly. It does this as mentioned earlier by aiding the movement of potassium; calcium and magnesium in and out of the cells that help generate nerve impulses. Taurine is also essential for the proper digestion of fats and the absorption of fat-soluble vitamins.</p>	<p>Each Capsule Contains:</p> <table border="1"> <tr> <td>Magnesium citrate</td> <td>850 mg</td> </tr> <tr> <td>Providing 136 mg of elemental magnesium</td> <td></td> </tr> <tr> <td>L-Taurine</td> <td>45 mg</td> </tr> </table> <p>Suggested Use Take 1 capsule twice daily or as directed by your health care practitioner.</p> <p>NPN# 80023317</p>		Magnesium citrate	850 mg	Providing 136 mg of elemental magnesium		L-Taurine	45 mg

MILK THISTLE FORMULATION	Product # 143	90 capsules																						
Milk Thistle Formula supports a number of vital functions including carbohydrate, fat and protein metabolism, regulation of blood sugar levels, storage of vitamins and digestion. Our body is constantly exposed to pollution, chemicals and harmful toxins and our liver is the main organ that deals with these toxins. The Milk Thistle Formula plays a key role in the detoxification process of external substances such as drugs and alcohol, metabolic waste as well as assisting the breakdown of insulin and other hormones. The hepatoprotective activity of the Milk Thistle Formula protects against cell damage induced by various cytotoxic substances and encourages re-growth of liver cells called hepatocytes. Milk Thistle Formula contains a unique blend of botanical extracts and nutraceuticals that support the liver's ability to protect and maintain proper liver functions.	<p>Each Capsule Contains:</p> <table border="1"> <tr> <td>Milk Thistle Extract from the seed (80% Silymarin)</td> <td>250 mg</td> </tr> <tr> <td>Curcumin</td> <td>50 mg</td> </tr> <tr> <td>Artichoke (5% cynarin)</td> <td>35 mg</td> </tr> <tr> <td>Dandelion Root (3% Flavonoids)</td> <td>50 mg</td> </tr> <tr> <td>Beet Root</td> <td>150 mg</td> </tr> <tr> <td>Black Radish</td> <td>140 mg</td> </tr> <tr> <td>DL-alpha-lipoic Acid</td> <td>50 mg</td> </tr> </table> <p>P.E. MINERAL CITRATES	Product # 105 Product # 463	90 capsules 750 mg 180 capsules 750 mg																						
Calcium and a multitude of mineral citrates help strengthen and support good bones. Maintaining a healthy level of calcium helps lower high blood pressure, prevent colon cancer and treat osteoporosis. Calcium also promotes bone growth and regeneration. In today's hectic diet, calcium is more important than ever. The modern North American diet has an average phosphorus-calcium ratio of 2 to 1; the recommended ratio is 1 to 1. The solution: decrease phosphorus consumption or increase calcium consumption. Vitazan Professional calcium compound also holds selenium, a major antioxidant that fights free radical generation thereby helping in the prevention of cancer. Selenium preserves tissue elasticity and through its antioxidant properties slows down the aging process of tissues. Selenium also helps fight Alzheimer's disease. Boron, an important element in development, energy utilisation and maintenance of bones, is also added. Boron is required by the body to	<p>Each Capsule Contains Elemental Values Of The Following:</p> <table border="1"> <tr> <td>Magnesium (Citrate)</td> <td>78 mg</td> </tr> <tr> <td>Magnesium (Oxide)</td> <td>26 mg</td> </tr> <tr> <td>Calcium (Citrate/malate)</td> <td>52 mg</td> </tr> <tr> <td>Potassium (Citrate)</td> <td>4.15 mg</td> </tr> <tr> <td>Zinc (Citrate)</td> <td>2.08 mg</td> </tr> <tr> <td>Manganese (citrate)</td> <td>414 mcg</td> </tr> <tr> <td>Vanadium (AAC*)</td> <td>20 mcg</td> </tr> <tr> <td>Chromium (AAC*)</td> <td>18 mcg</td> </tr> <tr> <td>Molybdenum (AAC*)</td> <td>18 mcg</td> </tr> <tr> <td>Selenium (AAC*)</td> <td>8.2 mcg</td> </tr> <tr> <td>Vitamin D3</td> <td>20 I.U.</td> </tr> </table> <p>*AAC (Amino Acid Chelated)</p> <p>Suggested Use Take 2 capsules twice daily with water at mealtimes or as directed by your Health Care Practitioner. Some research suggests that boron deficiencies may lead to a higher risk of developing arthritis.</p>																		
MOLYBDENUM RICE CHELATED	Product # 434	100 capsules 150mcg																
<p>Molybdenum assists in the breaking down of sulfite toxin buildups in the body, and may prevent cavities. It assists the body by fighting the nitrosamines, which are associated with cancer, and may help to prevent anemia. It is needed for normal cell function and nitrogen metabolism. Impotence in older males has been linked to molybdenum deficiencies. Molybdenum may be of value in fighting mouth and gum disorders. Molybdenum is part of sulfite oxidase, an enzyme that breaks down sulfites. Sulfites are found in protein food as well as chemical preservatives in certain foods and drugs. Should your body not be able to break down these sulfites, a toxic buildup results, and you may have allergic reactions.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="834 516 1438 541"> <tr> <td>Molybdenum rice HPV chelated</td> <td style="text-align: right;">150 mcg</td> </tr> </table> <p>Suggested Use Adult: Take 1-4 capsules daily or as directed by your health care practitioner.</p> <p>NPN#: 80022961</p>		Molybdenum rice HPV chelated	150 mcg

Lycopene 5% (tomato)	3 mg	12 mg	
Hesperidin	2.5 mg	10 mg	
Qercetin	2.5 mg	10 mg	
Suggested Use			
<p>Take 4 to 8 capsules daily in divided dosages with meals or as directed by your health professional.</p>			

MULTI-POWER IMMUNE	Product # 1320 Product # 258	120 capsules 240 capsules																																																																																																																																																																														
<p>**IRON FREE**</p> <p>Multi-Power Immune represents an evolution in the concept of multi vitamins, minerals, herbs, nutraceuticals. Get a full salvo of vitamins and minerals including the powerful antioxidant vitamin E; the full suite of B's including folic acid to prevent birth defects and all the important minerals like chromium for a healthy blood sugar level and calcium for strong bones. The best thing about Multi-Power Immune is the inclusion of all the nutraceuticals. You get the pigments in green tea, wine, grapes, fish, tomatoes and many more which are extreme anti-oxidants and which preliminary research suggest such as in the case of EGCG (a component of green tea) are indicated as a preventative measure against Cancer. You get greens which include their own compliment of vitamins, minerals and nutrients thanks to Chlorella, Spirulina and much more.</p>	<table border="1"> <thead> <tr> <th data-bbox="834 275 1036 	<p>Suggested Use Take 2 capsules daily with meals or as directed by your health professional. Up to 8 capsules maximum daily.</p>											
N.A.C. (N-ACETYL-CYSTEINE)	Product # 407	90 capsules 500 mg										
<p>N-acetyl-cysteine (NAC) is an acetylated form of the amino acid cysteine which is more efficiently absorbed. It is also an antioxidant that is helpful in fighting viruses. It is commonly used to help break down mucus and to protect from acetaminophen toxicity. In addition, it helps the body to synthesize the antioxidant glutathione.</p>	<p>Each Capsule Contains:</p> <table border="1"> <tr> <td>N-Acetyl-Cysteine</td> <td>500 mg</td> </tr> </table> <p>Suggested Use Take 1 capsule daily with meals, providing protein as directed by your health care practitioner.</p> <p>NPN# 80023637</p>		N-Acetyl-Cysteine	500 mg								
N-Acetyl-Cysteine	500 mg											
OLIVE LEAF EXTRACT	Product # 432	60 capsules 500 mg										
<p>Antibacterial, antiviral, antioxidant Cholesterol /immune Olive Leaf Extract is an extraordinary 100% natural herbal antibacterial/antiviral extract. Obtained from specific parts of the olive tree (<i>Olea europaea</i>), this phytochemical extract is not only safe but is also a non toxic immune system builder.</p>	<p>Each Capsule Contains:</p> <table border="1"> <tr> <td>Pure olive leaf extract 20% oleuropein</td> <td>500 mg</td> </tr> </table> <p>Suggested Use Take 1 capsule 4 times daily. May be increased to 4 capsules 4 times daily for severe infections or as directed by your health professional.</p>		Pure olive leaf extract 20% oleuropein	500 mg

OREGANO OIL	Product # 1234	15 ml										
<p>Origanum Vulgare Minutiflorum 93 % Carvacrol Wild Mediterranean Carvacrol 93% With its many therapeutic uses, Oregano Oil can be used internally and externally to fight numerous health conditions such as: acne, allergies, arthritis, asthma, athlete's foot, bladder infections, candidiasis, cold sores, constipation, croup, dandruff, digestive disturbances, insect bites, bronchitis, canker sores, colds, flu, earaches, fatigue, gum disease, headaches, kidney infections, menstrual irregularities, muscle pain, parasites, pneumonia, psoriasis, toenail fungus, toothaches, seborrhea, staph & strep infection, strep (sore) throat, ringworm, rosacea, sinusitis and warts.</p>	<p>Each Bottle Contains: Pure Wild Oregano Oil (Origanum Vulgare Minutiflorum) 93 % Carvacrol Blended with Extra virgin certified organic Olive Oil.</p> <p>Suggested Use Take 1 to 2 drops, two to three times daily, or as directed by a health professional.</p>											

ORO #1	Product # 1519	320 g																																																																										
<p>(Natural berry and lemon flavor, stevia)</p> <p>A well-balanced multiple vitamin & mineral supplement, Vitazan Oro offers a complete protection to face the environmental challenges of the modern world. This formula provides mineral replacement, full antioxidants, and essential vitamins, phytonutrients for the heart cardiovascular system, immune support and liver detoxification. The addition of nutrients known to support liver function and detoxification also increases oral chelation formulas effectiveness. Antioxidant activity plays a particularly important role in amplifying the benefits of chelation. Clinical research demonstrates oral chelations benefits for atherosclerosis, and is of great benefit in maintaining their cardiovascular health.</p>	<p>Each scoop (7.1g) Contains:</p> <table border="1"> <thead> <tr> <th colspan="2">Vitamins/Vitamines :</th> </tr> </thead> <tbody> <tr> <td>Vitamin A (Fish Liver Oil)</td> <td>2500 mcg RAE (8333.33 I.U)</td> </tr> <tr> <td>Vitamin E (d-Alpha Tocopheryl Succinate)</td> <td>178.33 mg AT (266.67 I.U.)</td> </tr> <tr> <td>Vitamin D3 (Fish Liver Oil)</td> <td>4.17 mcg (166.67 I.U.)</td> </tr> <tr> <td>Vitamin C (Ascorbic Acid)</td> <td>1166.67 mg</td> </tr> <tr> <td>Pantothenic Acid (Calcium-d-Pantothenate)</td> <td>183.33 mg</td> </tr> <tr> <td>Vitamin B6 (Pyridoxine Hydrochloride)</td> <td>100 mg</td> </tr> <tr> <td>Vitamin B1 (Thiamine Hydrochloride)</td> <td>83.33 mg</td> </tr> <tr> <td>Vitamin B3 (Nicotinic acid)</td> <td>41.67 mg</td> </tr> <tr> <td>Vitamin B2 (Riboflavin)</td> <td>6.67 mg</td> </tr> <tr> <td>Niacinamide</td> <td>6.67 mg</td> </tr> <tr> <td>Vitamin B12 (Methylcobalamin)</td> <td>6.67 mcg</td> </tr> <tr> <td>Folate (Folic Acid)</td> <td>43.33 mcg</td> </tr> <tr> <td>Biotin</td> <td>16.67 mcg</td> </tr> <tr> <th colspan="2">Minerals/Minéraux :</th> </tr> <tr> <td>Calcium (Phosphate)</td> <td>136.67 mg</td> </tr> <tr> <td>Magnesium (HVP Chelate*)</td> <td>116.67 mg</td> </tr> <tr> <td>Phosphorous (Phosphate)</td> <td>106.67 mg</td> </tr> <tr> <td>Potassium (HVP Chelate*)</td> <td>30 mg</td> </tr> <tr> <td>Zinc (HVP Chelate*)</td> <td>13.33 mg</td> </tr> <tr> <td>Iron/ (HVP Chelate*)</td> <td>3.33 mg</td> </tr> <tr> <td>Copper (HVP Chelate*)</td> <td>833.33 mcg</td> </tr> <tr> <td>Iodine (Potassium Iodide)</td> <td>43.33 mcg</td> </tr> <tr> <td>Selenium (HVP Chelate*)</td> <td>83.33 mcg</td> </tr> <tr> <td>Chromium (HVP Chelate*)</td> <td>58.33 mcg</td> </tr> <tr> <td>Manganese (HVP Chelate*)</td> <td>3.33 mcg</td> </tr> <tr> <td colspan="2">*HVP=Hydrolyzed Vegetable Protein</td> </tr> <tr> <th colspan="2">Others:</th> </tr> <tr> <td>Choline Bitartrate</td> <td>25 mg</td> </tr> <tr> <td>Inositol</td> <td>25 mg</td> </tr> <tr> <td>L-Methionine</td> <td>25 mg</td> </tr> <tr> <th colspan="2">Non-Medicinal Ingredients:</th> </tr> <tr> <td>Bioflavonoids (Citrus peel)</td> <td>33.33 mg</td> </tr> <tr> <td>Para-Aminobenzoic Acid</td> <td>16.67 mg</td> </tr> <tr> <td>L-Cysteine</td> <td>16.67 mg</td> </tr> <tr> <td>Spleen Extract (bovine)</td> <td>16.67 mg</td> </tr> <tr> <td>Adrenal Extract (bovine)</td> <td>16.67 mg</td> </tr> </tbody> </table> <p>* Natural berry and lemon flavor, stevia.</p> <p>Suggested Use Mix 2.5 teaspoons (7.1g) in 6oz of water or juice three times daily, or as directed by your Health Care Practitioner. OXY (S.O.D.)	Product # 609	180 tablets																																																				
<p>(Superoxide Dismutase) Excellent antioxidant formula Superoxide dismutase (SOD) nourishes cells and retards the rate of cell destruction due to free radicals. SOD levels decline with age while free radicals increase. This makes SOD a vital anti-aging antioxidant. SOD is also an enzyme and the body's main antioxidant defence towards controlling inflammation. SOD is the only enzyme that has the capability to process superoxide; an oxygen radical that is overproduced during inflammation.</p>	<p>Each Tablet Contains:</p> <table border="1" data-bbox="834 1199 1438 1451"> <tr> <td>Catalase</td> <td>20,000 units</td> </tr> <tr> <td>Superoxide Dismutase</td> <td>5,000 units</td> </tr> <tr> <td>Glutathione</td> <td>10 mg</td> </tr> <tr> <td>N Acetyl-Cysteine</td> <td>10 mg</td> </tr> <tr> <td>L Cysteine (HCL)</td> <td>10 mg</td> </tr> <tr> <td>Vitamin B 2 (Riboflavin)</td> <td>5 mg</td> </tr> <tr> <td>Vitamin E (D-Alpha Tocopheryl)</td> <td>5 I.U.</td> </tr> <tr> <td>Thioprolin</td> <td>1,000 mcg</td> </tr> <tr> <td>Folic Acid</td> <td>60 mcg</td> </tr> <tr> <td>Selenium (from 25 mcg of Sodium Selenite)</td> <td>11 mcg</td> </tr> </table> <p>Suggested Use Take 2 to 4 tablets, two to three times daily, or as directed by a health Care practitioner.</p>		Catalase	20,000 units	Superoxide Dismutase	5,000 units	Glutathione	10 mg	N Acetyl-Cysteine	10 mg	L Cysteine (HCL)	10 mg	Vitamin B 2 (Riboflavin)	5 mg	Vitamin E (D-Alpha Tocopheryl)	5 I.U. POTASSIUM HVP CHELATE	Product # 450	100 capsules 990 mg																																																
<p>Potassium, sodium, and chloride are intricately related electrolyte mineral salts that conduct electricity when dissolved in water. Potassium is the most important of the three because it is also essential for converting blood sugar into glycogen, the storage form of blood sugar in the muscles and liver. A shortage of potassium results in lower levels of stored glycogen, which can hinder exercise due to the rapid depletion of energy. A potassium deficiency produces great fatigue and muscle weakness, the first signs of potassium deficiency.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="834 264 1438 296"> <tr> <td>Elemental Potassium HVP Chelated</td> <td>99 mg</td> </tr> </table> <p>Suggested Use Take 1 capsule daily, or as directed by your Health Care Practitioner.</p>		Elemental Potassium HVP Chelated	99 mg

PSYLLIUM COMPOUND ENRICHED	Product # 707	340 gm		
<p>Regularity & Cleansing With Red Hibiscus, Cloves, Licorice, F.O.S. F.O.S. - Inulin extracted from Chicory root is an excellent prebiotic to increase the bifidobacteria population in the colon, which contributes to human health in many ways. Enriched Ultra Fibre Rich Plantago is an excellent source of fiber. It purifies, decontaminates and is 100% natural. Plantago is a bulkforming laxative and is high in both fiber and mucilage. The laxative properties of Plantago are due to the swelling of the husk when it comes in contact with water. This forms a gelatinous mass that keeps feces hydrated and soft, provided it is taken with sufficient water. The resulting bulk stimulates a reflex contraction of the walls of the bowel, followed by emptying. This formula has the property of softening the stools, helping to complete elimination and removing toxins and waste from the intestine. It prevents constipation, as well as hemorrhoids and colitis. It helps to regulate intestinal function without irritating the colon.</p>	<p>Ingredients: Psyllium Husks, Plantago (Psyllium) endosperm and Plantago (Psyllium) embryo, enriched with Hibiscus Flowers, Licorice root, and Cloves. Plus 320 mg of F.O.S. (Inulin extracted from Chicory root) per serving, with Stevia.</p> <p>Suggested Use Take 2 level tablespoons 2 to 4 times a day. Stir in a glass of water or juice and drink immediately. Follow with a second glass of liquid. Take 1 or 2 capsules of Acidophilus Ultimate plus F.O.S. (11 Billion per capsule) enteric coated, each day. Start progressively, or as directed by your health professional.</p>			
PSYLLIUM HUSKS SUPER FIBRE 100%	Product # 487	100 capsules 620 mg		
<p>Psyllium is a bulk forming laxative and is high in both fiber and mucilage. Psyllium seeds contain 10–30% mucilage. The laxative properties of psyllium are due to the swelling of the husk when it comes in contact with water. This forms a gelatinous mass that keeps feces hydrated and soft, provided it is taken with sufficient water. The resulting bulk stimulates a reflex contraction of the walls of the bowel, followed by emptying.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="829 877 1437 909"> <tr> <td data-bbox="829 877 1138 909">100% Psyllium Husks powder</td> <td data-bbox="1138 877 1437 909">620 mg</td> </tr> </table> <p>NPN: 80021800</p> <p>Suggested Use Take 3 capsules, 2 times a day (morning and evening) with 8 oz. of water of juice, before or after meals. RED RASPBERRY LEAF	Product # 730	100 capsules 345 mg																														
Raspberry leaves contain fragarine (a tonic for the uterus), tannins (likely responsible for the antinauseant, antiemetic, and astringent effects of this plant), polypeptides. Also the leaves are a rich source of citrate of iron which is the alterative, blood-making, astringent, and contractile agent for the female's reproductive area.	<p>Each Capsule Contains:</p> <table border="1"> <tr> <td>Red raspberry leaf</td> <td style="text-align: right;">345 mg</td> </tr> </table> <p>Suggested Use Take 1 or 2 capsules two or three times daily with meals or as directed by your health professional.</p>		Red raspberry leaf	345 mg

SERRATIOPEPTIDASE 75,000 AU	Product # 1264	60 capsules																																
<p>Serratiopeptidase is a proteolytic enzyme that is isolated from the bacterial organism Serratia 15E which inhabits the gut wall of the silk worm. Its natural purpose is to help the silkworm break free from its cocoon. It has been found useful to humans for the breakdown of non-living tissue.</p> <p>The enzyme causes proteolysis of all non-vital tissues including blood clots, cysts, tissue plaques and cellular debris and reduces the inflammatory response.</p>	<p>Each Enteric Coated Capsule Contains:</p> <table border="1" data-bbox="834 604 1442 877"> <tr><td>Serratiopeptidase</td><td>75,000 A.U.</td></tr> <tr><td>With</td><td></td></tr> <tr><td>MSM (Methyl-Sulfonyl-Methane)</td><td>300 mg</td></tr> <tr><td>Glucosamine Sulfate (Sodium Free)</td><td>150 mg</td></tr> <tr><td>A.O.S. SERRATIOPEPTIDASE COMPLEX	Product # 1149	60 capsules																																
<p>Serratio Peptidase Complex combines enzymes and nutraceuticals as a complete solution for inflammation. Serratio Peptidase complex contains the Serratio Peptidase enzyme in combination with an advanced mix of additional enzymes and nutraceuticals which assist in cases of inflammation specifically related to arthritis and asthma. Serratio Peptidase Complex is a high potency combination of proteolytic and plant enzymes which includes 90,000 activity units of Serratiopeptidase. Combined with additional curcuminoids, Serratio Peptidase Complex helps address chronic inflammation and arthritis and enhances cardio-vascular health. Serratio Peptidase Complex also contains bromelain, papain and 14 other plant digestive enzymes. SHARK CARTILAGE	Product # 518	90 capsules 750 mg																								
<p>(Pacifica, 100% Pure) The skeleton of sharks is almost entirely comprised of cartilage. Shark's fin, considered a delicacy in Asian countries, is consumed because of its purported ability to promote health, retard aging, and prevent disease. The shark cartilage is obtained from sharks caught for food purposes only. Shark cartilage is useful against inflammatory and dermal disease: rheumatoid arthritis, hemorrhoids, psoriasis, ulcerative colitis, puritanis ani, acute skin allergies, osteoarthritis, cancer, free radical exposure and damage.</p>	<p>Each Capsule Contains:</p> <table border="1"> <tr><td>Shark Cartilage 100% Pure, Premium Quality</td><td>750 mg</td></tr> <tr><td>Protein</td><td>53 %</td></tr> <tr><td>Mucopolysaccharides</td><td>18 %</td></tr> <tr><td>Fat (Crude)</td><td>2 %</td></tr> <tr><td>Moisture</td><td>3 %</td></tr> <tr><td>Ash</td><td>4 %</td></tr> <tr><td>Calcium</td><td>12 %</td></tr> <tr><td>Phosphorus</td><td>6 %</td></tr> <tr><td>Sodium</td><td><1</td></tr> <tr><td>Potassium</td><td>0.4 %</td></tr> </table> <p>200 mesh ultra fine powder</p> <p>Suggested Use Take 1 heaping teaspoon (about 5 gm) twice daily or as directed by your health professional.</p>		Shark Cartilage 100% Pure, Premium Quality	750 mg	Protein	53 %	Mucopolysaccharides	18 %	Fat (Crude)	2 %	Moisture	3 %	Ash	4 %	Calcium	12 %	Phosphorus	6 %	Sodium	<1	Potassium	0.4 %

SODIUM ASCORBATE	Product # 447	250 gm
A simple buffered, easy on the stomach, form of Vitamin C. An antioxidant for the maintenance of good health. Helps the body to metabolize fats and proteins. Helps in the development and maintenance of bones, cartilage, teeth and gums. Helps in connective tissue formation and in wound healing.	EACH 1/4 TEASPOON CONTAINS:	
	Sodium Ascorbate 100% pure	1,090 mg
	Yielding	
	Ascorbic Acid	969 mg
Suggested use: Adolescent 14-18: As a dietary supplement, stir 1/8 teaspoon into juice, water or food one to three times daily or as directed by your health professional. Adults: As a dietary supplement, stir 1/8 teaspoon into juice, water or food up to four times daily or as directed by your health professional.		
NPN#: 80020947		
SPIRULINA	Product # 370	100 capsules
Spirulina has been used to overcome allergies, gastric ulcers, and heavy metal poisoning, and as a highly nutritious, energy producing meal substitute for weight loss programs. Extensive studies have been done in Japan to demonstrate the beneficial effects of spirulina on diabetes, ulcers, liver disease, allergies, and cardiac problems.	Each Capsule Contains:	
	Spirulina	475 mg
Suggested Use Take 1 or 2 capsules twice daily with meals, or as directed by your Health Care Practitioner.		
SPIRULINA & CHLORELLA	Product # 1318	60 capsules 475 mg
Spirulina and Chlorella is a slightly sweet and salty combination of two algae, both retaining nourishing properties. Spirulina can be used to treat patients who have suffered heavy metal poisoning. It also helps patients deal with allergies, liver disease, cardiac problems, diabetes, and ulcers. Chlorella works as a blood producer and body rejuvenator. It helps cleanse the body of toxic materials, removing heavy metals from the system. It also cleanses the liver, lungs and colon. This product helps guide the normal growth and development of cells, promotes tissue repair and nutrient absorption. It also reduces inflammation, stops bleeding, balances micro flora, and regulates bowel movements.	Each Capsule Contains:	
	Spirulina	237.5 mg
	Chlorella (thin wall)	237.5 mg
Low temperature processing		
Suggested Use: As an addition to the diet, take 4 capsules daily during the first 2 weeks. Increase slowly to 10 capsules daily, or as directed by your Health care Practitioner.		

STEROLS & STEROLINS ULTRA CHOL	Product # 280	90 softgels 350 mg																				
<p>Prostate, Immune, Breast, Colon, Heart</p> <p>The development of long-term diets for the prevention of cardiovascular disease includes the promotion of cholesterol-lowering foods that are familiar and palatable enough to ensure long-term adherence. This task in itself is largely unattained due to lack of education and an old school mentality of a diet constructed of meat and potatoes. Vegetables, grains and fruits are the primary types of food required in the diet for successful treatment. Supplementing with Vitazan's Ultra Chol can aid in achieving this goal.</p>	<p>Each Softgel Contains:</p> <table border="1" data-bbox="834 268 1440 453"> <tr><td>Free plant sterols (non-GMO)</td><td>350 mg</td></tr> <tr><td>Beta-sitosterols</td><td>151 mg</td></tr> <tr><td>Stigmasterols</td><td>88 mg</td></tr> <tr><td>Campesterols</td><td>90 mg</td></tr> <tr><td>Certified Organic Flaxseed Oil</td><td>666 mg</td></tr> <tr><td>Alpha-linolenic acid</td><td>380 mg</td></tr> <tr><td>Linoleic acid</td><td>109 mg</td></tr> <tr><td>Oleic acid</td><td>129 mg</td></tr> </table> <p>Suggested Use Take 2 softgels before meals twice daily or as directed by your health care practitioner.</p>		Free plant sterols (non-GMO)	350 mg	Beta-sitosterols	151 mg	Stigmasterols	88 mg	Campesterols	90 mg	Certified Organic Flaxseed Oil	666 mg	Alpha-linolenic acid	380 mg	Linoleic acid	109 mg	Oleic acid	129 mg

<p>menstrual cramps. St. John's Wort is used for depression, psychological illness, mania, fear, nervous disorders, hysteria, sedative, anti-bacterial, anti-viral, AIDS, bed-wetting, childhood nightmares, gastritis, gastric ulcers, inflammatory bowel disorders, inflammation, myalgias (external), neuralgia sciatica (external), kidney, genitourinary troubles, diuretic and menstrual cramps.</p>																								
SUMA BRAZILIAN GINSENG	Product # 486	50 capsules 520 mg																						
<p>Suma also known as Brazilian ginseng is native to the Atlantic rain forest region of Brazil. This wild perennial, belonging to the family Amarantha-ceae is an adaptogenic herb, similar to Chinese ginseng. This product is a top grade, fine milled root powder. Scientists have discovered several anticancer and anabolic effects of the constituents of the root. Three principal active ingredients have been identified in Suma: pfaffic acid, phytosterols (mainly beta-ecdysone), and pfaffosides (saponins).</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="834 487 1442 537"> <tr> <td>Suma (Pfaffia Paniculata) Premium Grade</td> <td style="text-align: right;">520 mg</td> </tr> </table> <p>Suggested Use Take 1 to 2 capsules 2 times daily with a large glass of water.</p>		Suma (Pfaffia Paniculata) Premium Grade	520 mg

<p>**Advanced Formula** A Great source of Vitamin B3, otherwise known as Niacin. Niacin is one of eight water-soluble B vitamins. All B vitamins help the body to convert carbohydrates into glucose (sugar), which is then used as fuel for your body. These B vitamins, often referred to as B complex vitamins, are essential in the breakdown of fats and protein. B complex vitamins also play an important role in maintaining muscle tone along the digestive tract and promoting the health of the nervous system, skin, hair, eyes, mouth, and liver.</p>	<p>Each Capsule Contains:</p> <table border="1"> <tr><td>Vitamin B3 (niacin)</td><td>100 mg</td></tr> <tr><td>Vitamin B1 (thiamine)</td><td>5 mg</td></tr> <tr><td>Vitamin B6 (pyridoxal 5-phosphate)</td><td>1 mg</td></tr> <tr><td>Vitamin B6 (pyridoxine)</td><td>1 mg</td></tr> <tr><td>Bilberry fruit powder</td><td>50 mg</td></tr> <tr><td>Hawthorn berry</td><td>45 mg</td></tr> <tr><td>Hawthorn berry P.E. 2%</td><td>5 mg</td></tr> </table> <p>P.E. = powder extract</p> <p>Suggested Use Take 1 capsule daily with meals or as directed by your health professional.</p>		Vitamin B3 (niacin)	100 mg	Vitamin B1 (thiamine)	5 mg	Vitamin B6 (pyridoxal 5-phosphate)	1 mg	Vitamin B6 (pyridoxine)	1 mg	Bilberry fruit powder	50 mg	Hawthorn berry	45 mg	Hawthorn berry P.E. 2%	5 mg

VITAMIN B5 1000 MG D-PANTOTHENIC ACID	Product # 924	90 tablets 1000 mg																								
<p>**Advanced Formula** Vitamin B5 plays an important role in the secretion of hormones, such as cortisone because of the role it plays in supporting the adrenal gland. These hormones assist the metabolism, help to fight allergies and are beneficial in the maintenance of healthy skin, muscles and nerves. Pantothenic acid is also used in the release of energy as well as the metabolism of fat, protein and carbohydrates. It is used in the creation of lipids, neurotransmitters, steroid hormones and hemoglobin. Pantothenic acid is also helpful to fight wrinkles as well as graying of the hair.</p>	<p>Each Tablet Contains:</p> <table border="1" data-bbox="834 268 1440 453"> <tr><td>Vitamin B5 (D-pantothenic acid)</td><td>1000 mg</td></tr> <tr><td>Vitamin C (ascorbic acid)</td><td>150 mg</td></tr> <tr><td>Certified organic sprouted rye, kamut, spelt enzymes</td><td>20 mg</td></tr> <tr><td>Royal jelly 10% HAD</td><td>30 mg</td></tr> <tr><td>Spirulina</td><td>20 mg</td></tr> <tr><td>Astragalus P.E. 16%</td><td>8 mg</td></tr> <tr><td>Plant digestive enzymes</td><td>4 mg</td></tr> </table> <p>P.E. = powder extract</p> <p>Suggested Use Take 1 or 2 tablets daily with meals, or as directed by your health professional. <p>Vitamin B5 is a water-soluble, B Complex vitamin. When vitamin B5 is in short supply, symptoms like fatigue, headaches, nausea, tingling in the hands, depression, personality changes and cardiac instability are reported. Frequent infection, fatigue, abdominal pains, sleep disturbances and neurological disorders including numbness, paresthesia (abnormal sensation such as "burning feet" syndrome), muscle weakness and cramps are also possible indications that this nutrient is in short supply. Biochemical changes include increased insulin sensitivity, lowered blood cholesterol, decreased serum potassium, and failure of adrenocorticotropin to induce eosinopenia.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="834 716 1440 900"> <tr><td>Vitamin B5 (D-pantothenic acid)</td><td>250 mg</td></tr> <tr><td>Vitamin C (ascorbic acid)</td><td>200 mg</td></tr> <tr><td>Certified organic sprouted rye, kamut, spelt enzymes</td><td>10 mg</td></tr> <tr><td>Royal jelly 10% HAD</td><td>10 mg</td></tr> <tr><td>Spirulina</td><td>10 mg</td></tr> <tr><td>Astragalus P.E. 16%</td><td>2 mg</td></tr> <tr><td>Plant digestive enzymes</td><td>1 mg</td></tr> </table> <p>Suggested Use Take 1 capsule daily with meals or as directed by your Health Care Practitioner.</p>		Vitamin B5 (D-pantothenic acid)	250 mg	Vitamin C (ascorbic acid)	200 mg	Certified organic sprouted rye, kamut, spelt enzymes	10 mg	Royal jelly 10% HAD	10 mg	Spirulina	10 mg	Astragalus P.E. 16%	2 mg	Plant digestive enzymes	1 mg

VITAMIN B6 SYNERGISTIC 105 MG	Product # 925	90 capsules 105 mg																								
<p>A Great source of Vitamin B6 a water-soluble vitamin that exists in three major chemical forms: pyridoxine, pyridoxal-5-phosphate and pyridoxamine. It performs a wide variety of functions in your body and is essential for your good health. For example, vitamin B6 is needed for more than 100 enzymes involved in protein metabolism. It is also essential for red blood cell metabolism. The nervous and immune systems need vitamin B6 to function efficiently, and it is also needed for the conversion of tryptophan (an amino acid) to niacin (a vitamin). In order for B6 to be utilized by the body, it must first be converted into its active co-enzyme form. The active form of vitamin B6 is Pyridoxal-5-phosphate (P5P), this active form allows for the best absorption, because it is ready to go to work immediately.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="834 1186 1440 1556"> <tr><td>Vitamin B6 (pyridoxine HCL)</td><td>100 mg</td></tr> <tr><td>Vitamin B6 (pyridoxal 5-phosphate)</td><td>5 mg</td></tr> <tr><td>Vitamin C (ascorbic acid)</td><td>200 mg</td></tr> <tr><td>Vitamin B1 (thiamine HCL)</td><td>5 mg</td></tr> <tr><td>Choline citrate</td><td>5 mg</td></tr> <tr><td>Inositol</td><td>5 mg</td></tr> <tr><td>Vitamin B2 (riboflavin 5-phosphate)</td><td>1 mg</td></tr> <tr><td>Vitamin B3 (inositol Hexanicotinate flush free)</td><td>1 mg</td></tr> <tr><td>Magnesium citrate</td><td>10 mg</td></tr> <tr><td>Certified organic sprouted rye, kamut, spelt enzymes</td><td>150 mg</td></tr> <tr><td>Alpha lipoic acid</td><td>5 mg</td></tr> <tr><td>Plant digestive enzymes</td><td>1 mg</td></tr> </table> <p>Suggested Use Take 1 capsule daily with meals or as directed by your health professional.</p>		Vitamin B6 (pyridoxine HCL)	100 mg	Vitamin B6 (pyridoxal 5-phosphate)	5 mg	Vitamin C (ascorbic acid)	200 mg	Vitamin B1 (thiamine HCL)	5 mg	Choline citrate	5 mg	Inositol	5 mg	Vitamin B2 (riboflavin 5-phosphate)	1 mg	Vitamin B3 (inositol Hexanicotinate flush free)	1 mg	Magnesium citrate	10 mg	Certified organic sprouted rye, kamut, spelt enzymes	150 mg	Alpha lipoic acid	5 mg	Plant digestive enzymes	1 mg

<p>Vitamin B12 is needed to prevent anemia. It aids in cell formation and cellular longevity. B12 helps the red blood cells to mature up to a certain point, and after that, protein, iron, vitamin C, and folic acid help to finish the development of the cells so that they can mature. This vitamin is also required for proper digestion, absorption of foods, protein synthesis, and metabolism of carbohydrates and fats. B12 also prevents nerve damage, maintains fertility, and promotes normal growth and development.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="834 1608 1438 1635"> <tr><td>Vitamin B12 (Methylcobalamin)</td><td>500 mcg</td></tr> </table> <p>Suggested Use Take 1 capsule once or twice daily or as directed by your health care practitioner.</p> <p>NPN# 80024979</p>			Vitamin B12 (Methylcobalamin)	500 mcg

	European Bilberry (supplied by 10 mg of a 100:1 Extract standardized to 25 % anthocyanidins)	1000 mg
	Whole spectrum Grape Seed extract (supplied by 45 mg of a 5000:1 extract standardized to 95% procyanidolic; 463 ppm resveratrol and 200 ppm ellagic acid)	225,000 mg
	Resveratrol 50%	40 mg
	Astaxanthin extract 2%	150 mg
	Beet Root (organic)	65 mg
	Broccoli extract supplied by 38 mg 10:1 extract	380 mg
	<p>Suggested Use Add three (3) level teaspoons of Greens Immune to 8 oz of pure water or juice and mix thoroughly. Take Greens Immune on an empty stomach or 15 minutes before a meal. Keep Greens Immune in the refrigerator after opening. It is beneficial to drink 4-6 glasses of water during the day when taking Greens Immune to aid in cleansing.</p>	

VITAZAN BOTANICAL BEVERAGE	Product # 510	1000 ml																																																						
<p>Re-Energizer</p> <p>Balanced nutrition is key to balanced health. For those that can't get enough vegetables. Not everyone likes the taste, those that do love it, those that don't hate it. But all agree that it's great for you. This herbal formula help the stomach regulate the release of digestive juices that break down food for proper nutrient absorption in the intestines. Additionally, by creating an inhospitable environment, strong stomach acids aid as an important defense against harmful bacteria. Consistently weak digestive acids are often the cause of heartburn, (most people attribute this to excess acid). This allows the bacteria <i>Helicobacter pylori</i> (a common bacteria that bores into the stomach lining) to proliferate in the stomach and irritate the lining. At this point, even weak stomach acids can cause pain that often leads people to take antacids. Formulated of raw herbs, Vitazan Botanical Beverage has a rich appealing flavor, pleasant exotic taste, and offers a number of vitamins and antioxidants as a metabolic support for its restorative and energizing action.</p>	<p>Two Teaspoons Contain:</p> <table border="1" data-bbox="834 268 1442 884"> <tr><td>Aloe Vera</td><td>435 mg</td></tr> <tr><td>Alfalfa Leaves</td><td>145 mg</td></tr> <tr><td>Shepherd's Purse</td><td>145 mg</td></tr> <tr><td>Damiana Leaves</td><td>290 mg</td></tr> <tr><td>Saw Palmetto Berries</td><td>290 mg</td></tr> <tr><td>Celery Seeds</td><td>435 mg</td></tr> <tr><td>Sarsaparilla Root</td><td>544 mg</td></tr> <tr><td>Echinacea Root</td><td>399 mg</td></tr> <tr><td>Red Root</td><td>145 mg</td></tr> <tr><td>Chamomile Flowers</td><td>145 mg</td></tr> <tr><td>Kelp</td><td>145 mg</td></tr> <tr><td>Thyme</td><td>145 mg</td></tr> <tr><td>Astragalus</td><td>1102 mg</td></tr> <tr><td>Anis Seeds</td><td>145 mg</td></tr> <tr><td>Dandelion Root</td><td>435 mg</td></tr> <tr><td>Peppermint</td><td>145 mg</td></tr> <tr><td>Slippery Elm</td><td>145 mg</td></tr> <tr><td>Fenugreek Seeds</td><td>435 mg</td></tr> <tr><td>Passion Flowers</td><td>290 mg</td></tr> <tr><td>Chickweed</td><td>435 mg</td></tr> <tr><td>Yellow Dock Root</td><td>145 mg</td></tr> <tr><td>Rosemary</td><td>145 mg</td></tr> <tr><td>Licorice Root</td><td>435 mg</td></tr> <tr><td>Horehound Root</td><td>145 mg</td></tr> <tr><td>Seneca Root</td><td>145 mg</td></tr> <tr><td>Gentian Root</td><td>145 mg</td></tr> <tr><td>Chlorophyll</td><td>25 mg</td></tr> </table> <p>Suggested Use Take 2 tablespoons daily or 1 tablespoon twice a day or as directed by your health professional.</p>	Aloe Vera	435 mg	Alfalfa Leaves	145 mg	Shepherd's Purse	145 mg	Damiana Leaves	290 mg	Saw Palmetto Berries	290 mg	Celery Seeds	435 mg	Sarsaparilla Root	544 mg	Echinacea Root	399 mg	Red Root	145 mg	Chamomile Flowers	145 mg	Kelp	145 mg	Thyme	145 mg	Astragalus	1102 mg	Anis Seeds	145 mg	Dandelion Root	435 mg	Peppermint	145 mg	Slippery Elm	145 mg	Fenugreek Seeds	435 mg	Passion Flowers	290 mg	Chickweed	435 mg	Yellow Dock Root	145 mg	Rosemary	145 mg	Licorice Root	435 mg	Horehound Root	145 mg	Seneca Root	145 mg	Gentian Root	145 mg	Chlorophyll	25 mg

VITAZAN TISSUE RELAX	Product # 756	250 ml lotion
Our Vitazan herbal Tissue Relax massaging cream reduces swelling and pain while helping with the recovery of injured or stiff limbs. It also assists in pain relief for sore muscles. This is a great herbal massage cream to be used for sport injuries and as a rubdown to assist overtaxed, sprained or strained muscles. Our herbal cream has a pleasant smell, which is not overbearing like most muscle relaxing creams.	Ingredients: Purified Water, Methyl Salicylate, Menthol, Sweet Almond Oil, vegetable Glycerin, Calendula extract, Arnica extract, Gentian extract, Hayflower extract, Hypericum extract, Balm Mint extract, Juniper extract, Pineneedle extract, Chamomile extract, Aloe Vera. Suggested Use Shake well. Apply generously to affected area, not more than 3 or 4 times daily. Massage into painful area until completely absorbed.	
WHITE OAK BARK	Product # 374	100 capsules 500 mg
White Oak Bark is used in herbal medicine for its strong anti-discharge and astringent effect. White Oak Bark is useful in gum inflammations, gingivitis, loose teeth and sore throats. WILD OMEGA 3 WILD ATLANTIC 180/120	Product # 1015	120 softgels										
<p>Fish oil is probably the most important dietary source of omega-3 fatty acids, which are vital nutrients. These fatty acids reduce inflammation, protect against the abnormal clotting associated with heart attacks, and possibly inhibit cancer. These omega-3 fatty acids differ structurally from omega-6 fatty acids. Evidence from studies show that omega-3 fatty acids may reduce the chances of getting atherosclerosis, rheumatoid arthritis, migraine headaches, and other heart and inflammatory diseases.</p>	<p>Each Softgel Contains:</p> <table border="1" data-bbox="836 1155 1438 1335"> <tr><td>Certified Wild Omega 3 (Omega 3 Fatty acids 30 %) from wild anchovie and wild sardine</td><td>1200 mg</td></tr> <tr><td>Omega 3 essential fatty acids providing:</td><td></td></tr> <tr><td>EPA (Eicosapentaenoic Acids) EPA; 20:5 n-3</td><td>180 mg</td></tr> <tr><td>DHA (Docosahexaenoic Acids) DHA ; 22:6 n-3</td><td>120 mg</td></tr> </table> <p>In a capsule of gelatin, glycerin and purified water.</p> <p>Suggested Use Take 2 softgels twice daily or as directed by your Health Care Practitioner.</p> <p>NPN#: 80020852</p>		Certified Wild Omega 3 (Omega 3 Fatty acids 30 %) from wild anchovie and wild sardine	1200 mg	Omega 3 essential fatty acids providing:		EPA (Eicosapentaenoic Acids) EPA; 20:5 n-3	180 mg	DHA (Docosahexaenoic Acids) DHA ; 22:6 n-3	120 mg

YELLOW DOCK	Product # 377	100 capsules 440 mg		
<p>Yellow Dock root is specific for a variety of chronic and acute skin diseases including psoriasis, urticaria and eczema (all of a hot and inflammatory nature). It is a blood purifier and cleanser, and tones up the entire system. It is also used to treat liver disorders and iron deficiency, liberating iron that is stored in the liver. It is used for anemia during pregnancy and anemia generally. It is good for treating rheumatism and bile congestion. As an astringent, it treats hemorrhoids and bleeding from the lungs. It has a tonic-laxative effect; functions similarly to rhubarb as a purgative, but has a milder action.</p>	<p>Each Capsule Contains:</p> <table border="1" data-bbox="834 264 1443 296"> <tr> <td>Yellow dock root</td> <td>440 mg</td> </tr> </table> <p>Suggested Use Take 1 or 2 capsules twice daily with meals or as directed by your health professional</p>		Yellow dock root	440 mg

ZINC HVP CHELATE	Product # 399	100 tablets 25 mg		
<p>Zinc is an essential mineral required for optimum immune system function. Like vitamin C it has direct antiviral activity. It is also needed for protein synthesis and collagen formation. It is considered a good antioxidant. Supplementation of zinc has been shown to be effective in cases of herpes simplex. It is also known to reduce wound healing time significantly. It is important for proper function of the thymus gland and thymus hormones. The effectiveness of zinc for prevention and treatment of BPH (benign prostatic hypertrophy) has been well researched. Zinc has been shown to reduce the size of the prostate, and to reduce symptoms in the majority of patients. It may be appropriate during high periods of stress.</p>	<p>Each Tablet Contains:</p> <table border="1" data-bbox="834 793 1443 825"> <tr> <td>Zinc (HVP Chelate)</td> <td>25 mg</td> </tr> </table> <p>HVP = Hydrolyzed Vegetable Protein</p> <p>Suggested Use Take 1 tablet twice daily with meals, or as directed by your Health Care Practitioner.</p>		Zinc (HVP Chelate)	25 mg

Non-Medicinal Glossary

Our product labels contain a lot of information, and among this is a list of non-medicinal ingredients. You may notice a repetition in a few of these. As raw materials are processed and encapsulated certain agents are used to facilitate this process. Certain herbal mixes tend to clump together and not pass through encapsulation machines. As such, the use of an inert food grade item such as magnesium stearate is used as a flow agent in processing. Other times a capsule is not filled with the contents of the herbal mix to its optimal capacity, so to in effect fill the void a filing agent such as microcrystalline cellulose is used. These products are safe to use and pose no interaction risk. Vitazan Professional does not use starch or sugars as fillers.

Hydroxypropyl methylcellulose:

Our vegetable capsules are composed of this material. Hydroxypropyl methylcellulose is an inert substance; ours is produced from pine tree cellulose. Hydroxypropyl methylcellulose is widely used from disparate items such as a component in eye drops to a food grade substrate.

Vegetable Magnesium Stearate:

A common ingredient in baby powders, magnesium stearate is used as a flow agent in our capsule products. As well, magnesium stearate is also used as an enveloping agent in our tablet products.

Microcrystalline cellulose:

This is used in some capsule products as a filling agent. Microcrystalline cellulose is also used in some tablets as a binder and excipient, the substance is derived from wood chip pulp.

Silicon dioxide:

This is used as a flow agent for the proper use of encapsulation machines. Though typically not required, some formulations require the use of silicon dioxide so as to be able to encapsulate. This is a silica material and is inert (much like sand).

Dicalcium Phosphate:

This is used as an anti-caking agent; it is composed of approximately 30% calcium. Dicalcium phosphate is used in tacky products like phosphatidyl serine.

Organic alcohol:

Our liquid extracts use a food grade certified organic alcohol.

Glycerin:

Glycerin is a humectant and is hygroscopic. That is it retains moisture and has a softening effect on your skin. It also has a somewhat sweet taste. It is used in many liquid extract as a diluant and to add a sweet taste. As well it can be found in many facial lotions.
